# Unique Hotel & Resorts PLC Explanatory notes to the financial statements (Un-audited) For the period from 01 July 2022 to 31 December 2022

# **Financial Reporting:**

The Company's Financial Statements for the 2nd Quarter ended on 31 December 2022 have been prepared based on International Accounting Standard (IAS)-34: "Interim Financial Reporting".

Unique Hotel & Resorts PLC's first quarter is from 1 July 2022 to 30 September 2022 and comparison has been made with 01 July 2021 to 31 December 2021.

# Accounting policies and method of computations:

Accounting policies and methods of computations applied in preparing these financial statements are consistent with those used in the annual financial statements, prepared and published for the period ended 30 June 2022. The details of the 1st quarter ended on 30 September 2022 and 2nd Quarter ended on 31 December 2022 financial statements are on the company's website: www.uhrlbd.com.

# Earnings Per Share (EPS):

Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary equity holders of Unique Hotel & Resorts PLC by the weighted average number of ordinary shares outstanding during the period from 01 July 2022 to 31 December 2022. Comparative figures are also calculated with the same no. of shares.

EPS for Unique Hotel & Resorts PLC has increased to Taka 1.52 per share during the period from 01 July 2022 to 31 December 2022. The revenue has increased during the reporting period by 135% from the comparative period. Moreover, there has been an unrealised gain on investment in quoted share at Chartered Life Insurance Co. Ltd. amounting to Taka 115,651,593 with an impact of Taka 0.39 per share in the earnings per share of the Company.

#### **Net Operating Cash Flow Per Shares**

Net Operating Cash Flow per Shares has been calculated based on the number of outstanding shares as on 31 December 2022 and net operating cash flow for the same period. Comparative figures are also calculated with the same no. of shares.

The Net operating cash flow per shared has been increased from 0.47 to 2.24 with compared to the same period last year. There was an impact of COVID-19 in the comparative period which has been improved during the period. Therefore, the Company's revenue has improved by 135% from the comparative period which has a positive impact on the operating cash flow per share.

# Net Asset Value Per Share (NAV)

Net Asset Value per share has been calculated based on the number of outstanding shares as on 31 December 2022. Comparative figures as on 30 June 2022 are also calculated with the same no. of shares.

Corporate Office: Borak Mehnur, 51/B, Kemal Ataturk Avenue, Banani, Dhaka-1213 Phone: +880 2 222285116-23, 54893, Fax: 880 2 222254894, E-mail: info@uhrlbd.com

# Unique Hotel & Resorts PLC Notes to the financial statements For the period from 01 July 2022 to 31 December 2022

# 1. Legal status of the Company

#### 1.01 Reporting entity

Unique Hotel & Resorts PLC ("the Company") is a Public Limited Company in Bangladesh. The Company was incorporated on 28 November 2000 having registration no. C-41920(1279)/2000 under the Companies Act, 1994. The Company is listed with both Dhaka Stock Exchange Limited (DSEL) and Chittagong Stock Exchange Limited (CSEL).

# 1.02 Registered office

The registered office of the company is located at Plot no. 01 CWN (B), Road no. 45, Gulshan-2, Dhaka-1212.

### 1.03 Corporate office

Corporate office of the Company is located at 51/B, Borak Mehnur, Kemal Ataturk Avenue, Banani, Dhaka-1213.

#### 2 Principal activities and nature of business

Unique Hotel & Resorts PLC started it's commercial operation on 1<sup>st</sup> July 2007 with "The Westin Dhaka" which is a Five Star Hotel in Bangladesh. The principal activities of the Company over the period were carrying out hotel business through a Management Contract dated 20 December 1999 (renewed on 9 April 2015) executed between Unique Hotel & Resorts PLC ("the Owner") and Starwood Asia Pacific Hotels & Resorts Pte. Ltd. ("the operator"), now Marriott International. The Operator is knowledgeable and experienced in managing and promoting five star hotels and resorts and has (and/or its Affiliates have) performed such services throughout the world.

In terms of Management Contract, the operator is entitled to receive base fee, license fee, incentive fee, program service fee and institutional marketing fee from the owner on account of operation of the Hotel only. In addition, under the contract, the operator is entitled to receive centralized service fees for developing, promoting, operating, maintaining and upgrading the centralized services and associated Starwood technology.

The Company owns an international standard hotel in the name and style of "HANSA, a premium residence by UHRL" which has started it's operation from July 2018.

Considering the emerging business opportunity in this arena, Unique Hotel & Resorts PLC has constructed another Branded 5-Star Chain Hotel namely the "Sheraton Dhaka". Sheraton Dhaka has 248 rooms of different categories including Presidential and Chairman Suits, restaurants, Banquet Hall, Health Club, Spa, and Gym facilities. Two restaurants and banquet hall has been operating since February 2022 through obtaining restaurants license from District Commissioner Office. We are expecting to open the said hotel "Sheraton Dhaka" very soon.

#### 3 Basis of preparation

### 3.01 Statement of compliance

The financial statements have been prepared in accordance with the applicable International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) adopted by the Institute of Chartered Accountants of Bangladesh (ICAB), the Companies Act 1994 and other applicable laws and regulations.

# 3.02 Other regulatory compliances

The Company is also required to comply with the following major laws and regulations in addition to the Companies Act 1994:

The Securities & Exchange Rules, 1987;

The Securities & Exchange Ordinance, 1969;

The Regulations of Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited;

The Income Tax Ordinance, 1984;

The Income Tax Rules, 1984;

The Value Added Tax and Supplementary Duty Act, 2012;

The Value Added Tax and Supplementary Duty Rules, 2016;

The Customs Act, 1969;

Dhaka Stock Exchange (Listing) Regulations, 2015; Bangladesh Labour Act, 2006 (Amendment in 2013); Bangladesh Labour Rules, 2015; and Financial Reporting Act, 2015.

## 3.03 Structure, content and presentation of financial statements

Being the general purpose financial statements, the presentation of these financial statements is in accordance with the guidelines provided by IAS 1: "Presentation of Financial Statements". A complete set of financial statements comprises:

- i) Statement of Financial Position;
- ii) Statement of Profit or Loss and Other Comprehensive Income;
- iii) Statement of Changes in Equity;
- iv) Statement of Cash Flows;
- v) Notes to the Financial Statements, comprising a summary of significant accounting policies and other explanatory information to the financial statements.

#### 3.04 Investment in Associates and Joint Ventures

Associates are entities in which Unique Hotel & Resorts PLC holds 20% or more (directly or indirectly) of the investee and can exert significant influence through representation on the board of directors, power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies. The Company has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities. Interests in associates are initially recognised at cost.

Joint arrangements in the form of Joint Ventures are entities which Unique Hotel & Resorts PLC has established through joint control with other entities. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about relevant activities require unanimous consent of the parties sharing control (IFRS 11: paragraph 7).

The joint venturers must act together to direct the activities that significantly affect the returns of the joint venture company. Unique Hotel & Resorts PLC recognises a joint arrangement as investment in a joint venture company if the contractual arrangement provides the Company:

- rights to the net assets of the joint venture company (separate vehicle, i.e. a separately identifiable financial structure including separate legal entities or entities recognised by statute);
- no interests over the ownership/title of the joint venture;
- no liability for the debts and obligations of the joint venture;
- the Company's share in the profit or loss relating to the activities of the joint venture.

Unique Hotel & Resorts PLC accounts for its investment in associates and joint ventures using the equity method in accordance with IAS 28: Investments in Associates and Joint Ventures (paragraph 16). Under the equity method, on initial recognition the investment in an associate or a joint venture is recognised at cost and the carrying amount is increased or decreased to recognise the Company's share of the profit or loss of the associate and joint venture after the date of acquisition. The Company's share of profit or loss of associates and joint ventures is recognised in the Statement of profit or loss and other comprehensive income of the Company. Distributions received from an investee reduce the carrying amount of the investment. Adjustments to the carrying amount may also be necessary for changes in the Company's proportionate interest in the associates and joint ventures arising from changes in the investee's other comprehensive income.

## 3.04.01 Unique Meghnaghat Power Limited

Unique Meghnaghat Power Limited (UMPL) was established in Bangladesh on 25 September 2018 as a Public Limited Company under Companies Act 1994 for "Power Generation". The principal activity of Unique Meghnaghat Power Limited is to set up and operate power plants for generation and supply of electricity. It has undertaken to set up 584MW capacity power plants at Meghnaghat, Narayanganj. Commercial production is planned to be started by June 2023. The registered office of Unique Meghnaghat Power Limited is at 22/A Financial square, Level 5,6,7 Building no. 22/A, Road 102 &103 Block CEN(D), Gulshan-2, Dhaka-1212, Bangladesh.

Unique Hotel & Resorts PLC initially subscribed to 64.99% of the ordinary shares of the Unique Meghnagat Power Limited. Subsequently new shares were issued on 8th August 2019 which reduces the ownership of Unique Hotel & Resorts PLC to 51%. Strategic Finance Limited further transferred 11.76% shares in the name of Unique Hotel & Resorts PLC on April 13, 2021 which further accumulates the shareholding of Unique Hotel & Resorts PLC to 62.76%.

Unique Meghnaghat Power Limited has issued ordinary share capital of Tk.12,45,000 as of 31 December 2022. Out of which Unique Hotel & Resorts PLC holds 53.94% of the ordinary shares of the Unique Meghnagat Power Limited since 22 February 2022. However, The total project cost is approximately USD 520 million. The project cost is expected to be increased due to delay in the project period. The project will be financed in 25:75 equity:debt ratio. For equity financing, no further ordinary shares will be issued. Substantial equity finance will be determined by subscription of preference shares by lead parties namely Unique Hotel & Resorts PLC, Strategic Finance Limited and Nebras Power Investment Management B.V., according to Shareholders Agreement.

Moreover, According to the aforesaid Shareholders Agreement (SHA) signed between Unique Hotel and Resorts PLC, Strategic Finance Limited (SFL), Nebras Power Investment Management B.V.(Nebras), GE Capital Global Energy Investments B.V., Individual shareholders and Unique Meghnaghat Power Limited, from the date of signing SHA; SFL, Unique Hotel and Resorts PLC and Nebras will hold respectively 38.76%, 37.24% and 24% of the preference shares in issue of Unique Meghnaghat Power Limited.

# 3.04.02 Sonargaon Economic Zone Limited

Unique Hotel & Resorts Limited holds 35% of Sonargaon Economic Zone Limited (SEZL), a company which was incorporated on February 06, 2017 as a private limited company under the Companies Act 1994. The aim of Sonargaon Economic Zone Limited is to attract new categories of investment in addition to the conventional ones. These are: Textile & Garment, Food Processing, Power Plant, Automobile, Petrochemical, Plastic and other Consumer Goods, Electric & Economics, Precision Machinery Parts, LPG Plant, a broad range of light, medium, and heavy industries is proposed for the site. The registered office of Sonargaon Economic Zone Limited is at Borak Mehnur, 51/B, Kemal Ataturk Avenue, Banani, Dhaka 1213, Bangladesh.

# 3.05 Basis of measurement of elements of financial statements

The financial statements have been prepared on historical cost basis and therefore, do not take into consideration the effect of inflation except that arising from revaluation of land, building and machineries as specified in note 5. The accounting policies, unless otherwise stated, have been consistently applied by the Company and are consistent with those of the previous period.

# 3.06 Functional and presentation currency

Eunctional and presentation currency items included in these financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). These financial statements are presented in Bangladeshi Taka ("BDT") which is also the functional currency of the Company. The amounts in these financial statements have been rounded off to the nearest BDT except otherwise indicated.

# 3.07 Risk and uncertainty for use of estimates and judgment

The preparation of financial statements in conformity with International Accounting Standards requires management to make judgment, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses as well as the application of accounting policies. Uncertainty about these assumptions and estimates could result in outcomes that may require adjustment to the carrying amount of assets or liabilities affected in future period.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions of accounting estimates are recognized in the period in which the estimates are revised as required by IAS 8: "Accounting Policies, Changes in Accounting Estimates and Errors".

In particular, information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment during the reporting period is included in the following notes:

Note 3.04, 8.02 & 8.04

Contingencies

# Measurement of fair values:

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1:

quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2:

inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as

prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability are categorised at different levels of the fair value hierarchy, the overall fair value measurement is categorised at the same level as the lowest level input that is significant to the entire measurement.

# 3.08 Going concern without material uncertainties

As per IAS-1 para 25, a company is required to make assessment at the end of each year to assess its capability to continue as a going concern. The World Health Organization (WHO) declared a global pandemic due to Corona Virus related respiratory disease commonly called as COVID-19 on 11 March 2020. To contain the spread of this disease, along with many other countries of the world, Government of Bangladesh has also taken a number of measures such as declaration of general holiday, enforcement of lock down, social distancing etc. As a result of these measures, all business and economic activities were adversely affected which pretentious the Unique Hotel and Resorts PLC business as well. Business operation and profitability of the Company has been impacted due to COVID-19, but as the situation is constantly changing and there is no certainty at present as to how long the situation will be prevailed, potential impact of COVID-19 on the Unique Hotel and Resorts PLC operation and financial results cannot reasonably be assessed. Management has assessed the going concern issue and found no uncertainty regarding this for the upcoming 12 months due to COVID-19.

## 3.09 Accrual Basis

Unique Hotel & Resorts PLC prepares its financial statements, except for cash flow information, using the accrual basis of accounting. Since the accrual basis of accounting is used, the Company recognizes items as assets, liabilities, equity, income and expenses (the elements of financial statements) when they satisfy the definitions and recognition criteria for those elements in the IFRS conceptual Framework.

# 3.10 Materiality, aggregation and off setting

Each material item, management considered significant, has been presented separately in the financial statements. No amount has been set off unless the Company has legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards. The values of assets or liabilities as shown in the statement of financial position are not off-set by way of deduction from another liability or asset unless there exist a legal right therefore. No such incident existed during the period.

## 3.11 Reporting period

The financial statements of the Company cover the financial period of twelve months from 01 July 2022 to 31 December 2022 with comparative figures for the period from 01 July 2021 to 31 December 2021.

### 3.12 Authorization date for issuing financial statements

The financial statements of the Company were authorized by the Board of Directors on 24 January 2023 for issue after completion of review.

#### 3.13 Comparative information

Comparative information has been disclosed in respect of 01 July 2021 to 31 December 2021 in accordance with IAS 1: Presentation of Financial Statements for all numeric information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current year financial statements. Where selecting and applying new accounting policies, changes in accounting policies applied, correction of errors, the amounts involved are accounted for and disclosed in accordance with the requirement of IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors. Prior year figure has been re arranged wherever considered necessary to ensure comparability with the current period.

#### 3.14 Current versus non-current classification

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification. Assets and liabilities are classified as current when they are expected to be realized, settled, sold or consumed in a normal accounting cycle or within twelve months after the reporting period. Assets and liabilities that are held primarily for trading are also considered current.

#### 4 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

#### 4.01 Property, plant and equipment

#### Initial recognition and measurement

An item shall be recognized as property, plant and equipment if it is probable that future economic benefits associated with the item will flow to the entity, and the cost of the item can be measured reliably. Property, plant and equipment are capitalized at cost of acquisition and subsequently stated at cost or revaluation less accumulated depreciation in compliance with the requirements of IAS 16: Property, Plant and Equipment. The cost of acquisition of an asset comprises its purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use. The cost also includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term debt availed for the construction/ implementation of the property, plant and equipment, if the recognition criteria are met.

The cost of self-constructed assets includes the cost of material and direct labor and other costs directly attributable to bringing the assets to a working condition inclusive of inward freight, duties and non-refundable taxes for their intended use.

### Subsequent costs

The subsequent expenditure is only capitalized as part of assets when the useful life or economic benefit or both of that asset is increased provided that it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of day to day servicing of property, plant and equipment are recognized in the Statement of Profit or loss and Other Comprehensive Income as 'repair and maintenance' when it is incurred.

#### Depreciation of property, plant and equipment

Depreciation is provided to amortize the cost or revaluation of the assets after commissioning, over the period of their expected useful lives, in accordance with the provisions of IAS 16: Property, plant and equipment.

Unique Hotel & Resorts PLC charges depreciation from the date of acquisition until the date of disposal for the acquisitions. Depreciation of assets begins when it is available for use. Depreciation is charged on items of property, plant & equipment except land and land developments of Unique Hotel & Resorts PLC on reducing balance method.

Category of Assets	Rate of depre	eciation
Buildings and other civil co	onstructions	1.25%
Hotel furniture		5%
Hotel equipment		5%
Office furniture and equipment		5%
Motor vehicles		5%

#### Revaluation of fixed assets

As per IAS 16: Property, Plant and Equipment (paragraph 31), after recognition as an asset, an item of property, plant and equipment whose fair value can be measured reliably shall be carried at a revalued amount and revaluations shall be made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of the reporting period.

In conformity with paragraphs 31 and 34 of IAS 16: Property, plant and equipment, the land & land development and building owned by Unique Hotel & Resorts PLC have been revalued by an independent valuer on 30 September 2011 to reflect fair value (prevailing market price) thereof following "current cost method". As the fair value of the assets does not differ significantly from its carrying amount as of 30 June 2022, so no revaluation has been made during the period ended 31 December 2022.

Particulars of the assets	Name of the valuer	Qualification of the valuer	Date of revaluation	The carrying amount as on 30.09.2011	Value of assets after revaluation as on 30.09.2011	Revaluation surplus
Land & Land Development	Ata Khan & Co.	Chartered Accountants	30-Sep-11	3,388,296,912	5,664,596,600	2,276,299,688
Building			30-Sep-11	5,415,829,221	11,420,259,375	6,004,430,154
POLIS SOME HOLES PO	То	tal		8,804,126,133	17,084,855,975	8,280,729,842

Other fixed assets were kept outside the scope of the revaluation works in 2011.

The increase in the carrying amount of revalued assets is recognized in the separate component of equity under the head of revaluation surplus. However, the increase is recognized in profit or loss account to the extent that it reverses a revaluation decrease of the same assets previously recognized in profit or loss account. A sum of revaluation surplus is transferred directly to equity in line with IAS 16: Property, plant and equipment (paragraph 41) as the asset is used by the company. The amount of the revaluation surplus transferred is the difference between the depreciation based on the revalued carrying amount of the asset and the depreciation based on the asset's original cost. Transfer from revaluation surplus to retained earnings is not made through profit or loss.

# Disposal of property, plant and equipment

An item of property, plant and equipment is removed from the statement of financial position when it is disposed off or when no future economic benefits are expected from its use or disposal. The gain or loss on the disposal or retirement of an item of property, plant and equipment is included in the statement of profit or loss and other comprehensive income in the period in which the derecognition occurs.

## Impairment of property, plant and equipment

According to IAS 36: Impairment of Assets the carrying amounts of property, plant and equipment are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount is estimated to determine the extent of the impairment loss. Impairment loss is recorded on judgmental basis, for which provision may differ in the future years based on the actual experience.

An impairment loss is recognized immediately in profit or loss, unless the asset is carried at revalued amount in accordance with another standard. Any impairment loss of a revalued asset is treated as a revaluation decrease.

# 4.02 Construction work in-progress

Property, plant and equipment under construction are accounted for as capital works in progress until completion of construction and are measured at cost. Capital work in progress consists of building construction costs, costs of construction materials, acquisition cost of plant, machinery, capital components of other equipment, related installation costs and directly attributable costs incurred until date the asset placed in service including the overhead during construction. In case of purchase of components, capital work in progress is recognised when risks and rewards associated with such assets are transferred to the Company. In conformity with IAS 16: Property, plant and equipment, no depreciation has been charged on capital work in progress as it is not ready for use as intended by management.

# 4.03 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds as per IAS 23: Borrowing Costs.

#### 4.04 Inventories

Inventories (stock and stores) are measured at the lower of cost and net realizable value. The cost of inventory is assigned by using average cost formula. The cost of inventories consists of purchase, costs of conversion, import duties and other non-refundable taxes and other costs incurred in bringing the inventories to their present location and condition.

#### 4.05 Cash and cash equivalents

Cash and cash equivalents consists of cash in hand, cash with banks on current and deposit accounts and cash with Brokerage house which are held and available for use by the Company without any restriction. There is insignificant risk of change in value of the same.

### 4.06 Accounts and other receivables

Accounts and other receivable are initially recognized at cost which is the fair value of the consideration given in return. After initial recognition these are carried at cost less impairment losses due to uncollectible of any amount so recognized. Provision for doubtful debts are made where there is evidence of a risk of non payment, taking into account ageing, previous experience as well as general economic conditions and ultimately the prospects of realizability. Provision is made at the rate of 3% of rolling three months of average receivables. In specific cases, the Company makes provision based on circumstances prevailing at the reporting date regarding the recoverability of receivables.

#### 4.07 Revenue

# 4.07.01 Revenue from contract with customers

The amount that reflects the consideration to which the Company expects to be entitled in exchange for goods or services when (or as) it transfers control to the customer is recognised as revenue by the Company. IFRS 15: Revenue from Contracts with Customers establishes a five-step model as follows:

- · Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- · Allocate the transaction price to the performance obligations in the contract; and
- Recognize revenue when (or as) the entity satisfies a performance obligation.

Considering the five steps model, the Company recognizes revenue when (or as) the Company satisfies a performance obligation by transferring a promised service to a customer. Service is considered as transferred when (or as) the customer obtains control of that service. Revenue from room rent, sales proceeds of food & beverage, space rental and shop rental are recognized at fair value of the consideration received or receivable in the period during which the services are provided. Revenue is recognized net of value added tax, supplementary duty and service charge collectible from customers as well as rebate and discount allowed to customers.

# 4.07.02 Revenue from investment income

# (a) Interest income

Interest on bank deposits and FDR have been accounted for on accrual basis.

#### (b) Dividend income

## Quoted and unquoted shares

Dividend income against quoted and unquoted shares are recognized when the Company's right to receive the payment is established or after receipt of dividend, which is generally when shareholders approve the dividend.

# Preference shares

Dividend income on cumulative preference shares are recognised on accrual basis. However, Unique Hotel & Resorts PLC is not entitled to get any dividend income for investment in preference shares for the time being.

#### 4.08 Financial instruments

IFRS 9 sets out requirements for recognizing and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaces IAS 39 Financial Instruments: Recognition and Measurement. The details of new significant accounting policies and the nature and effect of the changes to previous accounting policies are set out below.

#### 4.08.01 Classification and measurement of financial assets and financial liabilities

IFRS 9 largely retains the existing requirements in IAS 39 for the classification and measurement of financial liabilities. However, it eliminates the previous IAS 39 categories for financial assets of held to maturity, loans and receivables and available for sale. The adoption of IFRS 9 has not had a significant effect on the Company's accounting policies related to financial liabilities. The impact of IFRS 9 on the classification and measurement of financial assets is set out below.

Under IFRS 9, on initial recognition, a financial asset is classified as measured at: amortized cost; Fair Value through Other Comprehensive Income (FVOCI) – debt investment; Fair Value through Other Comprehensive Income (FVOCI) – equity investment; or Fair Value Through Profit or Loss (FVTPL). The classification of financial assets under IFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. Derivatives embedded in contracts where the cost is a financial asset in the scope of the standard are never separated. Instead, the hybrid financial instrument as a whole is assessed for classification.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- (a) it is held within a business model whose objective is achieved by collecting contractual cash flows; and
- (b) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income (OCI). This election is made on an investment-by-investment basis.

All financial assets not classified as amortized cost or FVOCI as described above are measured at FVTPL. A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

#### Subsequent measurement

The following accounting policies apply to the subsequent measurement of financial assets.

#### Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in statement of profit or loss and other comprehensive income.

#### Financial assets at amortized cost

These assets are classified as financial assets measured at amortized cost. These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in statement of profit or loss and other comprehensive income. Any gain or loss on derecognition is recognized in statement of profit or loss and other comprehensive income.

# Debt investments at FVOCI

These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in statement of profit or loss and other comprehensive income. Other net gains and losses are recognized in OCI. On de-recognition, gains and losses accumulated in OCI are reclassified to statement of profit or loss and other comprehensive income.

# **Equity investments at FVOCI**

These assets are subsequently measured at fair value. Dividends are recognized as income in statement of profit or loss and other comprehensive income unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are never reclassified to profit or loss.

# Impairment of financial assets

IFRS 9 replaces the 'incurred loss' model in IAS 39 with an 'expected credit loss' (ECL) model. The new impairment model applies to:

- · financial assets measured at amortized cost,
- contract assets and
- · debt investments measured at FVOCI, but the standard does not apply to investments in equity instruments.

The financial assets at amortized cost consist of trade receivables, cash and cash equivalents, and corporate debt securities. The Company measures loss allowances at an amount equal to ECL from trade receivables.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. Loss allowances measured at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- · debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for accounts receivables and contract assets are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

# Measurement of Expected Credit Losses (ECL)

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

#### Presentation of impairment

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is recognized in OCI, instead of reducing the carrying amount of the asset.

In accordance to IAS 36 Para 12 impairment test to be performed if there are indications of market value declines, negative changes in technology, markets, economy, or laws, increases in market interest rates, net assets of the Company higher than market capitalization, obsolescence or physical damage, asset is idle, part of a restructuring or held for disposal, worse economic performance than expected and for investments in subsidiaries, joint ventures or associates, the carrying amount is higher than the carrying amount of the investee's assets, or a dividend exceeds the total comprehensive income of the investee.

The carrying value of non-financial assets, other than inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognized whether the carrying amount of asset or its cash generating units exceeds its recoverable amount. Impairment losses, if any, are recognized in the statement of profits or loss and other comprehensive income.

### 4.09 Accruals, provisions and contingencies

# (a) Accruals

Accruals are liabilities to pay for services that have been received or supplied but have not been paid, invoiced or formally agreed with the supplier, including amounts due to employees. Accruals are reported as part of accounts and other payables. Other payables are not interest bearing and are stated at their nominal value.

# (b) Provisions

Provisions and accrued expenses are recognized in the financial statements in line with IAS 37: Provisions, contingent liabilities and contingent assets when:

- · the Company has a legal or constructive obligation as a result of past event.
- · it is probable that an outflow of economic benefit will be required to settle the obligation.
- · a reliable estimate can be made of the amount of the obligation.

Provision is ordinarily measured at the best estimate of the expenditure required to settle the present obligation at the reporting date. Where the Company expects some or all of the provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit or loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. During the reporting period, the Company has made sufficient provisions where applicable.

# (c) Contingencies

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability. Contigencies are disclosed in Note-40.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A contingent assets is disclosed where an inflow or economic benefits is probable.

# 4.10 Employee benefits

### (a) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

## (b) Defined contribution plan (Provident fund)

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and has no legal or constructive obligation to pay further amounts.

The companies maintain separate defined contribution plan for its eligible permanent employees. The eligibility is determined according to the terms and conditions set forth in the respective Trust Deeds and Rules.

The companies have separate provident fund scheme recognized under Income Tax Ordinance 1984. All permanent employees contribute 10% of their basic salary to the provident fund and the companies make matching contributions.

The Company recognizes contribution to defined contribution plan as an expense when an employee has rendered related services in exchange for such contribution. The legal and constructive obligation is limited to the amount, the Company agrees to contribute to the fund.

## (c) Defined Benefit Plan

# Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The employee gratuity plan is considered as defined benefit plan as it meets the recognition criteria. According to the existing policy, the employees working at The Westin Dhaka and Sheraton Dhaka premises who have completed the required length of services are paid gratuity which is calculated on the last basic salary of the outgoing employees. The Company's obligation is to provide the agreed benefits to current and former employees.

# Workers' Profit Participation Fund (WPPF)

Unique Hotel & Resorts PLC provides for 5% of its profit before tax after charging contribution to WPPF in accordance with Bangladesh Labour Act, 2006 (as amended to 2013). A Board of Trustees of WPPF has been formed and the required fund has been disbursed for the year up to June 2021 to the bank account of the Trustee Board and Government Welfare Fund in compliance with the said Act.

#### 4.11 Taxation

Income tax expense comprises current and deferred taxes. Income tax expense is recognized in statement of profit or loss and other comprehensive income except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity in accordance with IAS 12: Income Taxes.

#### (a) Current tax

Income tax expense for current period is recognized on the basis of the Company's computation based on the best estimated assessable profit for the period at the applicable tax rate pursuant to provision of Income Tax Ordinance 1984. As per paragraph 46 of IAS 12: Income Taxes, current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous periods. The tax rate used by Unique Hotel & Resorts PLC as a publicly traded company for the reporting period is 20% according to the Finance Act 2022.

# (b) Deferred tax

Deferred tax is recognized as income or expense and included in the net profit or loss for the period. Deferred tax relating to items dealt with other comprehensive income is recognized as tax relating to other comprehensive income.

According to paragraph 47 of IAS 12: Income Taxes, deferred tax asset or liability is measured at the tax rates that are expected to apply to the period when the assets are realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

#### Taxable Temporary difference

A deferred tax liability is recognized for all taxable temporary differences, except to the extent that the deferred tax liability arises from:

- (a) The initial recognition of goodwill; or
- (b) The initial recognition of an asset or liability in a transaction which;
- (i) Is not a business combination; and
- (ii) At the time of the transaction, affects neither accounting profit nor taxable profit (loss)

## Revaluations to fair value - Property, Plant and Equipment

According to paragraph 20 of IAS 12: Income Taxes, the revaluation does not affect taxable profits in the period of revaluation and consequently, the tax base of the asset is not adjusted. Hence a temporary difference arises. This is provided for in full based on the difference between carrying amount and tax base. An upward revaluation is therefore give rise to a deferred tax liability.

Moreover, the transfer of excess depreciation or amortization from revaluation reserve to retained earnings is net of related deferred tax according to paragraph 64 of IAS 12: Income Taxes.

### Deductible temporary difference

A deferred tax asset is recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized, unless the deferred tax asset arises from the initial recognition of an asset or liability in a transaction that is not a business combination; and at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity.

The Company's existing accounting policy for uncertain income tax treatments is consistent with the requirements in IFRIC 23 Uncertainty over Income Tax Treatments, which became effective on 1 January 2019.

# 4.12 Earnings Per Share (EPS)

Earnings Per Share (EPS) are calculated in accordance with IAS 33: Earnings Per Share.

#### Basic earnings per share

Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary equity holders of Unique Hotel & Resorts PLC by the weighted average number of ordinary shares outstanding during the period.

#### Diluted earnings per share

For the purpose of calculating diluted earnings per shares, the Company adjusts profit or loss attributable to each ordinary equity holders of the entity, and weighted average number of shares outstanding, for the effects of all dilutive potential ordinary shares. Diluted EPS is only calculated where the Company has commitment to issue ordinary share in future at reporting date. However, dilution of EPS is not applicable for these financial statements as there was no dilutive potential during the relevant periods.

# 4.13 Foreign currency transaction and translation

At the end of each reporting period in compliance with the provision of IAS 21: The effects of changes in Foreign Exchange Rates:

- (a) Foreign currency monetary items are translated using the closing rate.
- (b) Non-monetary items that are measured in terms of historical costs in a foreign currency are translated using the exchange rate at the date of the transaction.
- (c) Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rate at the date when the fair value is determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rate different from those at which they were translated on initial recognition during the period or in previous financial statements is recognized in statement of profit or loss and other comprehensive income in the period in which they arise.

Amount in foreign currency bank accounts and other foreign currency balances have been translated into taka at the reporting date at the exchange rate prevailing on that date and gain/(loss) have been accounted for as other income/(loss) in statement of profit or loss and comprehensive income.

### 4.14 Operating segments reporting

An operating segment is a component of the company that engages in business activities from which it may earn revenue and incur expenses, including revenues and expenses that relate to transactions with the company's other components and for which discrete financial information is available.

According to IFRS 8: Operating Segments, the Company started with hotel operations. With time, it diversified its business and operations into power generation. The Company has determined its operating segments considering nature of segmental business. The business segments are managed separately and the operating results of the business segments are regularly reviewed by the company's managing director to make decisions about resources allocated to the segments and assess its performance. Information about operating segment has been presented in note 38.

#### 4.15 Statement of cash flows

The statement of cash flows has been prepared in accordance with requirements of IAS 7: Statement of Cash Flows. The cash generated from operating activities has been prepared using the "Direct Method" as prescribed by the Securities and Exchange Rules, 1987 and as the benchmark treatments of IAS 7 whereby major classes of gross cash receipts and gross cash payments from operating activities are disclosed.

# 4.16 Related party disclosures

The Company carried out a number of transactions with related parties in the normal course of business and on arm's length basis. The information as required by IAS 24: Related party disclosures has been disclosed in a separate notes to the financial statements (Note 39).

#### 4.17 Events after the reporting period

Events after the reporting period that provide additional information about the Company's position at the statement of financial position date are reflected in the financial statements as per IAS 10: Events after the Reporting Period. All material events occurring after the statement of financial position date have been considered and where necessary, adjusted for or disclosed.

## 4.18 Changes in accounting policies

The Company has applied equity method as per paragraph 10(c) of IAS 27: Separate Financial Statements for recognition of investment in Unique Meghnaghat Power Limited (UMPL) as investment in joint venture company as per IFRS 11. The investment in UMPL had been recognised at cost as per paragraph 10(a) of IAS 27: Separate Financial Statements. Thus Unique Hotel and Resorts PLC has changed its accounting policy for recognition of investment in UMPL using a retrospective approach as per IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors. Therefore, comparative information have been restated in statement of profit or loss and other comprehensive income.

The following table summarises the impacts of adopting equity method from cost method on the Company's financial statements:

# Statement of Profit or loss and Other Comprehensive Income For the year period from 01 July 2021 to 31 December 2021

Amount in Taka

	impact of Changes in policy			
	As previously reported	Adjustments	As restated	
Share of net profit/(loss) after tax of UMPL (Joint Venture)		(14,167,544)	(14,167,544)	
Net profit after tax for the period	93,591,069	(14,167,544)	79,423,525	
Basic and Diluted Earnings Per Share (EPS)	0.32	(0.05)	0.27	

# 4.19 Compliance with Financial Reporting Standards as applicable in Bangladesh

According to Para-12 of Securities & Exchange Rule 1987, Unique Hotel & Resorts Limited has prepared its financial statements in compliance with the following International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted by The Institute of Chartered Accountants of Bangladesh (ICAB).

Dhaka City Corporation (DCC), presently Dhaka North City Corporation (DNCC), was the owner of 60 kathas of land located at 44, Kemal Ataturk Avenue, Banani, Dhaka-1213 where DNCC constructed a three storied building along with one basement on an area of 44 (forty-four) kathas of land with a foundation and there was also a vacant land of 16 (sixteen) kathas. Subsequently, Borak Real Estate Ltd. submitted a tender proposal and the Technical and Tender Evaluation Committee issued a letter of acceptance. Thus DNCC registered and executed an agreement with BREL to construct building on the aforesaid 60 kathas of land (vacant and existing three storied building) at the following ratio:

a) Borak Real Estate Limited 70% and

b) Dhaka City Corporation 30%.

DNCC also excuted a registered Power of Attorney in favor of BREL empowering and authorising BREL to sell, mortgage, lease, etc it's portion of share at its own.

Subsequently, an Agreement was made between Unique Hotel and Resorts PLC and Borak Real Estate Ltd. (BREL) on December 07, 2010 for construction and operation of a five-star hotel, which was duly submitted to Bangladesh Securities & Exchange Commission before going to IPO of Unique Hotel and Resorts PLC. According to that agreement, profit or loss from hotel operation shall be shared between the parties at the following ratio:

a) Unique Hotel and Resorts PLC

50%; 50%

b) Borak Real Estate Limited

Subsequently, a supplementary agreement was duly signed on September 10, 2011 between the parties with the change in terms and conditions as suggested by Bangladesh Securities & Exchange Commission.

In consideration of the above profit or loss sharing ratio, BREL has provided 100% space along with surrounding area for construction of the said Hotel namely "Sheraton Dhaka" and Unique Hotel and Resorts PLC has borne the construction cost of the hotel building and also operation related costs including but not limited to required equipment, machineries, furniture, household articles, kitchen dining, sports articles, office equipments, vehicles, lighting to be procured either locally or from abroad as may be suitable for running a hotel maintaining international standard.

Investments in equity shares in different companies are classified as a financial asset at fair value through profit or loss as it was held for trading (it was acquired or incurred principally for the purpose of selling or repurchasing it in the near future). The investment has been measured at fair value except investments that do not have a quoted investment price in an active market and whose fair value can not be reliably measured. Investments that do not have a quoted investment price has been measured at cost. In reference to para 5.7.1 of IFRS 9: Financial Instruments, the gain or loss arising from change in the fair value of the investments is recognized in the statement of profit or loss and other comprehensive income.

30 June 2022

Unique Meghnaghat Power Limited ("UMPL", "the project company") was initiated among Strategic Finance Ltd. (SFL), Unique Hotel & Resorts PLC and GE Capital Energy Investments B.V. (GE). Unique Hotel & Resorts PLC (the company) has subscribed for 62.76% of ordinary shares of UMPL as a sponsor company. Later on, Nebras Power, a Qatar based power company, came into the joint arrangement with a commitment of providing 24% equity into the project company through their Netherland based entity Nebras Power Investment Management BV (Nebras). As GE expressed its unwillingness to inject any further equity into the project company after initial subscription of USD 3000, all the subsequent equity has been providing by Unique Hotel and Resorts PLC, SFL and Nebras in the form of preference shares. Equity injection through preference shares is essential because of some covenant into project agreement restricting any change in ownership structure of the project company before the lapse of sixth year of commercial operation.

In these circumstances, a Share Purchase Agreement (SPA) has been executed between Unique Meghnaghat Power Limited (UMPL), Unique Hotel and Resorts PLC, Strategic Finance Limited (SFL) and Nebras Power Investment Management BV. Based on the abovementioned agreement, Unique Hotel and Resorts PLC has agreed to transfer 11.76%; 14,641 numbers of ordinary shares @Tk.10 per ordinary share to Nebras Power Investment Management BV in consideration of total USD 24,068,800 to be executed by 1st, 2nd, 3rd and 4th closing, phase by phase subject to the satisfaction of the Condition Precedents (CPs) as per agreement. The shareholders of Unique Hotel and Resorts PLC have been duly informed through a Price Sensitive Information dated April 15, 2021. As such, pursuant to the Schedule 1 of the SPA, the company completed the CPs of the first closing where Unique Hotel and Resorts PLC transferred 8.82% (10,981 shares) to Nebras Power Investment Management BV on February 22, 2022. Subsequently, Nebras Power Investment Management B.V has remitted the First closing money of USD 9,699,188.88 including stamp duty to the bank account of Unique Hotel and Resorts PLC and the remaining value will be received by 2nd, 3rd & 4th closing phase by phase upon satisfaction of the CPs as per SPA. Consequently, the shareholding of ordinary shares of Unique Hotel and Resorts PLC has been reduced from 62.76% to 53.94% (67,155 shares). After 4th closing, the total ordinary shareholding of Unique Hotel and Resorts PLC will come down to

As per Shareholders Agreement (SHA) signed between Unique Hotel and Resorts PLC, Strategic Finance Limited, Nebras Power Investment Management B.V., GE Capital Global Energy Investments B.V., Individual shareholders and Unique Meghnaghat Power Limited; SFL, Unique Hotel and Resorts PLC and Nebras will hold 38.76%, 37.24% and 24% respectively of the preference shares in issue of the project company from the date of signing the SHA. Investment in ordinary shares and cumulative preference shares have initially been recorded at cost.

Unique Hotel and Resorts PLC presented consolidated financial statements until the financial year ended on 30 June 2021. Unique Hotel and Resorts PLC does not have controlling power over UMPL as per IFRS 10: Consolidated Financial Statements as of 31 December 2022. As per the amended Aricles of Association (AOA) of UMPL after the inclusion of Nebras on the board, the three (3) preference shareholders also refered as lead parties Unique Hotel and Resorts PLC, SFL and Nebras) has complete joint control over the relevant activities of the project company which are covered by Lead Parties reserved matters. To make decision on any Lead Parties reserved matters affirmative votes of at least 5 (five) Directors, including the affirmative vote of at least 1(one) from Nebras Director, 1 (one) from Unique Hotel and Resorts PLC Director and 1 (one) from SFL Director are required either at board meeting or a shareholders' meeting or otherwise. According to AOA, the Lead Parties Reserved Matters includes various significant decisions including major acquisitions, issuing equity instruments, dividend distributions any investment or liquidation of investment, entering into and amendment of any material agreement, approval of budget and business plan, appointment of senior management of company etc. To take any decision in the board meeting in any agenda other than those relating to reserved matters, majority votes are required. No shareholder has controlling interest over the project company to direct the relevant activities of the project company with their present voting rights. Rather relevant activities are directed jointly by SFL, Unique Hotel and Resorts PLC and Nebras. Moreover, the voting rights of ordinary shareholders do not immediately influence sponsors' control over the project company. Since preference shareholders are responsible for substantially all of the equity injection, they have complete control over how the relevant activities are implemented in proportion to their preferred shareholding percentage as mentioned above. Unique Hotel and Resorts PLC, SFL and Nebras take all the relevant decisions of UMPL jointly. Hence, Unique Hotel and Resorts PLC, SFL and Nebras have joint control over UMPL and have right over net assets of UMPL in proportion to their ordinary shares and preference shares on fully dilution basis. Under these circumstances, Unique Hotel and Resorts PLC has accounted for investment in UMPL as joint venture under IFRS 11: Joint Arrangements in equity method as per IAS 28: Investment in Associates and Joint Ventures.

According to IAS 28 (paragraph 10), the investment in UMPL was recognised at cost on initial recognition and the carrying amount is increased or decreased to recognise the Unique Hotel and Resorts PLC's share of the profit or loss of UMPL after the date of acquisition. Consolidated financial statements combine the financial position and financial performance of separate legal entities controlled by a parent into one for a specific reporting period. As Unique Hotel and Resorts PLC does not exert sole control over the relevant activities of its subsidiary, i.e. UMPL as of 31 December 2022; hence Unique Hotel and Resorts PLC has accounted for the change in recognition of investment in UMPL from IAS 27: para 10 at cost method for recognition as subsidiary entity to equity method for recognition as joint venture as per IAS 28 with retrospective impact (change in policy).

Furthermore, according to the AOA of UMPL and terms and conditions of the Shareholders Agreement and Subscription Agreement, the ordinary shareholders shall not receive any dividend and only lead parties, namely Unique Hotel and Resorts PLC, SFL and Nebras will be entitled to dividend on sweep cash basis in proportion of preference shareholding percentage until the conversion of all preference shares into fully paid ordinary shares. In both scenarios, Unique Hotel and Resorts PLC will get only 37.24% of the dividend to be distributed. As a result, Unique Hotel and Resorts PLC has accounted for 37.24% of the net assets of UMPL for calculation of carrying amount of the investment in UMPL (joint venture) in equity method.

#### Accounts receivable

Receivable of The Westin Dhaka Receivable of HANSA by UHRL Receivable of Sheraton Dhaka Receivable of Airport Lounge

#### Less: Provision for bad & doubtful debts

Provison for bad & doubtful debt of The Westin Dhaka Provison for bad & doubtful debt of HANSA by UHRL

#### Closing balance

Provision for bad debts is made at the rate of 3% of rolling three months of average receivables in compliance with the policy of Marriott International. Moreover, total accounts receivable of The Westin Dhaka is Tk. 262,294,711 and out of that, receivable from Karim Associates (customer) is Tk. 141,579,465 (invoices belongs to FY 2019-2020 pre COVID-19 period). Due to COVID-19, the Govt. restricted international flight operations and Karim Associates stopped their operations from March 2020. However, Karim Associates entered an agreement with Unique Hotel and Resorts PLC in September 30, 2020, indicating they will restore the operations effective from October 2020 and repay the dues in three equal installments through post-dated cheques of Tk. 47,193,155 each payable in December 2020, March 2021, and June 2021. However, these scheduled cheques bounced due to insufficient funds. This raised uncertainty in recovering the due balance from Karim Associates. In these circumstances, management of Unique Hotel and Resorts PLC made specific provision for the aforesaid receivable balance of Tk. 141,579,465 during the year ended 30 June 2021. However, as per our legal department recommendation, we proceeded with the service of statutorily mandated demand notice and subsequently, we filed separate Negotiable Instruments Act cases on February 28, 2021; June 16, 2021 and September 13, 2021 for the abovementioned cheques against Karim Associates which is under subjudice now. The accused has been summoned to court and they have applied for time petition.

Moreover, total accounts receivable of HANSA by UHRL is Tk. 15,129,691 and out of that, receivable from Kuwait Bd Friendship Govt Hospital (customer) is Tk. 6,399,399 (invoices belongs to FY 2020-2021). During COVID-19 period, i.e. since May 2020, the Govt. hospitals entered into agreeement with hotels where the doctors and other support staff of the hospitals stayed at nearby hotels. Kuwait Bd Friendship Govt Hospital had entered into similar agreement with HANSA by UHRL on June 03, 2020 for accommodation and food & other services. Invoice for the service provided during the period from August 2020 to 22nd September 2020 which amounts to BDT 63,99,399 was also submitted duly by HANSA by UHRL. Subsequently, the ministry of Finance had asked for legal documentation challenging the validity of doctors staying at the hotel during the said period. However, Hospital Authority, DG Health and Ministry of Health have unanimously approved and forwarded the invoice several times to the Ministry of Finance to process the due payment of Hotels under Kuwait Bangladesh Friendship Govt. Hospital. However, the aforesaid due balance has not been able to recover from the hospital yet. In these circumstances, management considers the abovementioned receivable balance from Kuwait Bangladesh Friendship Govt. Hospital as uncertain as well as doubtful and has decided to make full provision for the doubtful debt on a conservative approach. Therefore, Unique Hotel and Resorts PLC has made specific provision of BDT 63,99,399 in the financial statements for the year ended 30 June 2022.

Current asset

Closing balance

The Company has investments in People's Leasing and Financial Services Ltd. (PLFSL) to the extent of Tk. 43,679,385 in the form of term deposits. At present, a winding up application, Financial Institution Matter No. 1 of 2019 filed by Bangladesh Bank, is pending against PLFSL in the Honorable High Court Division of the Supreme Court of Bangladesh. The Honorable High Court has not allowed the application but has instead reconstructed PLFSL's Board of Directors through the court order dated July 15, 2021 and also directed the depositors not to insist upon the Board of Directors or management of the PLFSL for return of their money in next six (6) months. The order of direction restraining Unique Hotel and Resorts PLC as a depositor from demanding repayment from PLFSL has been extended twice, lastly until January 2023. Unique Hotel and Resorts PLC is also not aware of any developments which would suggest that there would not be any further extensions of the interim order. Unique Hotel and Resorts PLC has also sought legal opinion from renowned legal advisor in this matter. However, considering the abovementioned facts, Unique Hotel and Resorts PLC has considered its investment in PLFSL to be a credit impaired financial asset in terms of IFRS 9 on a conversative approach and has decided to make loss allowance against the principal receivable from PLFSL. Unique Hotel and Resorts PLC has made 60% loss allowance during the year ended 30 June 2022 and further 20% loss allowance has been made during the period from 01 July 2022 to 31 December 2022. However, such allowance represents a prudent measure of accounting on its part, it does not represent a waiver of any claim against PLFSL.

Furthermore, the Company has investments in International Leasing and Financial Services Ltd. (ILFSL) to the extent of Tk. 231,000,000 in the form of term deposits. At present, a winding up application by the depositors of ILFSL, Company Matter No. 299 of 2019, is pending against ILFSL in the Honorable High Court Division of the Supreme Court of Bangladesh. The Honorable Court did not allow the application, instead had reconstructed ILFSL's Board of Directors. Furthermore, ILFSL has also shared their rebuilding plan recently and according to their plan, the depositor companies have been given opportunity to convert their deposits at ILFSL into equity. Moreover, according to the recent media reports, ILFSL has entered into an agreement with Sonar Bangla Capital Management Ltd. on September 21, 2022 to convert their deposits and liabilities into shares subject to approval from the regulators. Unique Hotel & Resorts PLC has also sought legal opinion from renowned legal advisor in this matter. In these circumstances, notwithstanding the pious intent expressed in ILFSL's latest plan of rebuilding, Unique Hotel and Resorts PLC has decided to make 50% loss allowance against principal receivable from ILFSL on a conservative approach during the year ended 30 June 2022. No further loss allowance has been made during the period from 01 July 2022 to 31 December 2022. However, such allowance represents a prudent measure of accounting on its part, it does not represent a waiver of any claim against ILFSL.

Unique Hotel and Resorts PLC financial statements has been prepared for "Sheraton Dhaka" based on the existing agreement dated December 07, 2010 between Unique Hotel and Resorts PLC and BREL. Though the hotel operation has been started in a limited form, management is expecting that the business will operate in a normal form very soon. So, Board of Directors has decided to review the existing agreement and Unique Hotel and Resorts PLC management will notify all stakeholders accordingly.

## 37. Risk exposure

The Company is exposed to various risks through its use of financial instruments. The main types of risks are credit risk, interest rate risk, exchange rate risk, industry risk, market risk, operational risk and liquidity risk, which result from both its operating and investing activities. The Company's risk management is coordinated at its head office, in close co-operation with the board of directors and focuses on actively securing the Company's short to medium term cash flows by minimizing the exposure to financial markets. Long term financial investments are managed to generate lasting returns. The board of directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive controlled environment in which all employees understand their roles and obligations. The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee. The most significant financial risks to which the Company is exposed to are described below:

## 37.01 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The Company's exposure to credit risk is limited to the carrying amount of financial assets recognized at the balance sheet date.

## Management perception:

The Company's exposure to credit risk is influenced mainly by the corporate and individual characteristics of each customer. The demographics of the Company's customer base, including the default risk of the industry and country in which customers operate, has less of an influence on credit risk. The Company has, over the years, conducted business with various corporates, tour operators and individuals located in different jurisdictions and, owing to the spread of the Company's debtor base. The Company has a credit policy in place under which new customers are analyzed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, where available, and in some cases bank or other hotel's references. Customers that fail to meet the Company's benchmark creditworthiness may transact with the Company only on a cash basis. In monitoring customer credit risk, customers are individually assessed. Customers that are graded as "high risk" are placed on a restricted customer list and future sales are only made on a prepayment basis. The Company does not require collateral in respect of trade and other receivables. The Company establishes an allowance for doubtful recoveries that represents its estimate of losses in respect of trade and other receivables @ 3% of rolling three months average receivables in compliance with the policy of the Marriott International.

\*See note 9 for further information on impairment of financial assets that are past due.

## 37.02 Interest rate risk

Interest rate risk is the potential for investment losses that can be triggered by a move upward in the prevailing rates for new debt instruments. Changes in the government's monetary policy, along with increased demand for loans/investments tend to increase the interest rates which mostly affect companies having floating rate loans or companies investing in debt securities.

## Management perception:

The interest rate on local currency term loan from Standard Chartered Bank Limited is T-Bill+3.68% p.a. with a floor of 6% p.a maximum with effect from September 2021. Moreover, the interest rate of other loans remains 9% as per Banking Regulation & Policy Department Circular No. 03/2020 dated: February 24, 2020 except for the term loan from Dutch Bangla Bank Limited (DBBL) and United Commercial Bank Ltd. (UCBL). Dutch Bangla Bank Limited has reduced the interest rate from 9% to 7.75% whereas United Commercial Bank Ltd. (UCBL) has reduced the interest rate from 9% to 8% during the period. However, recent changes in the market and economic condition in Bangladesh indicates upliftment of cap imposed by central bank of Bangladesh thus increase in interest rate.

## 37.03 Exchange rate risk

Exchange rate risk arises due to changes in exchange rates. As the Company imports equipment from abroad and also earns revenue in foreign currency, unfavorable volatility or currency fluctuation may affect the profitability of the Company. When exchange rate is increased against local currency opportunity is created for generating more profit.

## Management perception:

Unique Hotel & Resorts PLC has well organized plan to always record the up-to-date currency conversion rate whenever it gets paid for services in foreign currencies from overseas guests. The Company changes the price of its products and services to cope with the change in exchange rate to mitigate the effect of unfavorable volatility in exchange rate on the company's earnings.

## 37.04 Industry risks

Industry risk refers to the risk of increased competition from foreign and domestic sources leading to lower prices, revenues, profit margins, market shares etc. which could have an adverse impact on the business, financial condition and results of operation.

## Management perception:

In this highly competitive lodging industry, our hotels compete based on multiple factors, for instance, location, quality of service, standard of accommodation, room rates, facilities etc. Competition is often specific to the individual markets in which our hotels are located and includes competition from existing and new hotels operated under brands primarily in the upper upscale segments. Increased competition could have a material adverse effect on the occupancy rate, average daily room rate and RevPAR of our hotels or may require us to make capital improvements that we otherwise would not have to make, which may result in decreases in our profitability. We believe our hotels enjoy certain competitive advantages as a result of being flagged with globally recognized brands (Marriott International), including access to centralized reservation systems and national advertising, marketing and promotional services, strong hotel management expertise and loyalty programs. Our principal competitors include hotel operating companies, ownership companies (including other hospitality Real Estate Investment Trusts) and national and international hotel brands. We face increased competition from providers of less expensive accommodations, such as select-service hotels or independently managed hotels, during periods of economic downturn when leisure and business travelers become more sensitive to room rates. Increasingly, we also face competition from peer-to-peer inventory sources that allow travelers to stay at homes and apartments booked from owners, thereby providing an alternative to hotel rooms.

Moreover, the hospitality industry is typically seasonal in nature. The period during which our properties experience higher revenues vary from property to property, depending principally upon location and the customer base served. This seasonality can be expected to cause periodic fluctuations in a hotel's rooms revenues, occupancy levels, room rates and operating expenses. Therefore, volatility in our financial performance resulting from the seasonality of the hospitality industry could adversely affect our financial condition and results of operations.

## 37.05 Market risks

Market risk refers to the risk of adverse market conditions affecting the sales and profitability of the Company. Mostly, the risk arises from falling demand for the product or service which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company increase their customer base.

## Management perception:

We are exposed to market risk primarily from changes in interest rates, which may affect our future income, cash flows and fair value, depending on changes to interest rates. In certain situations, we may seek to reduce cash flow volatility associated with changes in interest rates by entering into financial arrangements intended to provide a hedge against a portion of the risks associated with such volatility.

Moreover, the company's brand "Westin" has a very strong image in the local and international market. Marriott International (former Starwood Asia Pacific Hotels & Resorts Pte. Ltd.) also has the reputation of providing quality hotel management services. Moreover, the demand for five-star hotels in the country is increasing while there are very few five-star hotels to meet the demand. The strong brand management and quality service has enabled the company to capture significant market share in the sector and the company is continuously penetrating into the market and upgrading the quality of their service to minimize the risk. Addition of "Sheraton Dhaka" operations to the portfolio will provide synergies to cater MICE segment business, larger events, accommodate larger group business and improve operational efficiency with resource optimization.

## 37.06 Operational risks

Non-availabilities of materials/equipment/services may affect the smooth operational activities of the Company. On the other hand, the equipment may face operational and mechanical failures due to natural disasters, terrorist attacks, unforeseen events, lack of supervision and negligence, leading to severe accidents and losses.

## Management perception:

We maintain insurance coverage for commercial general liability, property, including business interruption, terrorism, and other risks with respect to our business for all of our hotels. We also maintain workers' compensation insurance including employees' irresponsibility, accidental damage for our employees. Most of our insurance policies are written with self-insured retentions or deductibles that are common in the insurance market for similar risks. These policies provide coverage for claim amounts that exceed our self-insured retentions or deductibles. Our insurance provides coverage related to any claims or losses arising out of terrorism, property and operation of our hotels.

Moreover, the Company is equipped with power backup and 24/7 security surveillance (CCTV) systems, protected with armor guards, incompliance with global safety and security standard, which reduce security risk. Besides, the equipment is under insurance coverage in order to get reasonable compensation for any damages. Apart from these, routine security check and proper maintenance of the equipment also reduce/eliminate the operational risk. Continuous trainings of company associates make them equipped to address the situations due to natural disasters and unforeseen events. Company is associated with multiple domestic and international vendors to ensure smooth functioning of supply chain along with AMC's for key equipment's to ensure consistency in supplies and smooth operations.

## 37.07 Liquidity risk

Liquidity risk is the risk that a company or individual will not have enough cash to meet its financial obligations (pay its debts) on time.

## Management perception:

We seek to maintain sufficient amounts of liquidity with an appropriate balance of cash, debt and equity to provide financial flexibility. As of December 31, 2022, we had total cash and cash equivalents of BDT 34.19 crore. Due to improvement of the effects of COVID-19, all the financial and non-financial parameters including occupancy, ADR and RevPAR at our hotels and cash flows through the first-quarter of FY 2022-23 has been higher than the same period last year.

We have taken several steps to preserve capital and increase liquidity, including drawing BDT 135 crore loan out of total sanction of BDT 500 crore from Al Arafah Islami Bank Ltd. to meet operational and project related payments, taking stimulus loan @4.5% interest rate instead of 9% from Bank Al Falah Limited and Prime Bank Limited amounting to BDT 9 crore and BDT 8 crore respectively. We have also repaid the foreign currency loan in full during the period from the USD receipts on sale of ordinary shares of Unique Meghnaghat Power Limited. With growing business after the upliftment of restrictions due to COVID-19 prospects of opening Sheraton Dhaka and receipts from Nebras Power Investment Management BV for the 2nd, 3rd and 4th closing according to the Share Purchase Agreement, we will have sufficient liquidity to pay our 2022-23 debt maturities and to fund other short-term liquidity obligations.

We have established reserves for capital expenditures ("FF&E reserve") in accordance with our management agreement with Marriott International. Generally, these agreements require that we fund 4% of hotel revenues into an FF&E reserve, unless such amounts have been incurred. As a result of COVID-19, our hotel managers have temporarily delayed contributions to the FF&E reserve accounts and started reserve from April 2022. Our cash management objectives continue to maintain the availability of liquidity, minimize operational costs, make debt payments and fund our capital expenditure programs and future acquisitions. Further, we have an investment policy that is focused on the preservation of capital and maximizing the return on new and existing investments. Moreover, funds are also being arranged as and when required from sister concerns within the group.

## 38. Information about reportable segments

Information related to each reportable segment is set out below. Segment profit before tax is used to measure performance because management believes that this information is the most pertinent in evaluating the results of the respective segments relative to other entities that operate in the same industries.

For the year ended 31 December 2022

## 40. Contingent liability disclosure

40.01 Large Tax Payer Unit (LTU), VAT Authority raised a demand U/S 55 of the VAT Act, 1991 Tk. 71,295,948 for Supplementary Duty (SD) and VAT on SD for the period from July 2007 to January 2009 through letter no. 4/LTU(Mushak)25/The Westin Dhaka/Demand/Cricle-3/09/2111, dated 20 April 2009.

Subsequently, The Westin Dhaka submitted a writ petition through writ petition no. 3910/2009 and the Honorable High Court Division of the Supreme Court discharged the previous issued rule on 10/10/2015.

The Westin Dhaka submitted application to the Customs, Exercise and VAT Appellate Tribunal through nothino. CEVT/Case/(VAT)-16/2018 dated 28/05/2019. Based on our application and ground of appeal the Honorable Appellate Tribunal reduce the demand from Tk. 71,295,948 to Tk. 11,420,622 on 05/09/2019 for SD and VAT on SD.

Since, hotel was exempted from SD through SRO, as a result, under no circumstances the aforesaid demand will be applicable for the Westin Dhaka. Hence, we submitted further VAT Revision to the Honorable High Court Division of the Supreme Court of Bangladesh through VAT Revision no. 29/2019 which is under subjudice.

It is primarily established that the VAT Appellate Tribunal reduced the original demand of LTU and the said Tribunal was pleased to pass an order to The Westin Dhaka to pay Tk. 1,14,20,622 as SD vide memo dated 05/09/2019 and against that order and The Westin Dhaka filed VAT Revision No. 29 of 2019 before the High Court Division. Initially the said order of the said Tribunal was stayed by the High Court Division and hereafter The Westin Dhaka had non prosecuted the said VAT revision on 08/11/2022 and on the same day High Court Division passed an order upon The Westin Dhaka to pay the amount as aforesaid by the order dated 05/09/2019 by VAT Appellate Tribunal but the certified copy has not been yet handed over to The Westin Dhaka by the lawyer.

40.02 Large Tax Payer Unit (LTU), VAT raised a demand of Tk. 5,353,916 u/s 73(2) of the VAT and SD Act 2012, through letter no. 08.01.0000.006.01.028.19/102 dated 3 February 2020 due to non-submission of Input-output coefficient (Mushak 4.3) for the period from July 2019 to August 2019. Subsequently we applied to the Customs, Exercise and VAT Appellate Tribunal for fair judgement after depositing 10% of the said demand amount on August 31, 2020. The Learned Tribunal rejected the Appeal by its order dated September 19, 2021 and we have submitted the copy of the Order to our Advocate for filing an Appeal before the Honorable High Court Division. Moreover, the Learned Advocate informed us that we have some strong grounds and he has been preparing for filing the Appeal before the Honorable High Court Division.

It is worthy to mention that, the NBR issued an SRO 117-Aian/2020/100 Mushak date 14/05/2020 and revise the Input-output co-efficient form and exempted service industries to provide any input output co-efficient. Subsequently, the VAT Act and Rules Department clarify the matter and issued a further explanation through letter no. 08/Mushok/2020 Dated 14/10/20 that service industry need not to submit any Input output co-efficient. In the prevailing circumstances we strongly believe that the Customs Exercise and VAT Appellate Tribunal will consider the fact and provide the fair judgement towards Unique Hotel and Resorts PLC.

40.03 The Deputy Commissioner of Taxes, Circle 135, Zone 7 raised a demand amounting to BDT 3,33,60,724 regarding the late submission of the income tax return for the assessment years 2014-2015 & 2016-2017 under section 124 of Income Tax Ordinance, 1984. In this regard, we filed an appeal against the demand of DCT to the learned Commissioner of Taxes (Appeal), Zone-3, Dhaka on the ground that the learned DCT did not justify imposing the above penalty without issuing prior notice u/s 130 of the Income Tax Ordinance, 1984 and giving reasonable opportunity of being heard which is totally ultra vires and not tenable in the eye of the law.

Subsequently, The learned Commissioner of Taxes (appeal), Zone-3 set aside the order of the DCT, and thereafter, the learned DCT reviewed the demand again and confirmed the previous penalty amount without considering our ground of appeal.

In the meantime, we filed an appeal against the above penalty order of DCT on January 19, 2023, to the learned Commissioner of Taxes (Appeal), Zone-3, Dhaka on the ground that the learned DCT was not justified in imposing the penalty of Tk. 3,33,53,774 u/s 124/156 without taking into cognizance the written explanation filed along with proof of submitting the time prayer. The matter is under subjudice and we are waiting for the final hearing with the Commissioner of Taxes (Appeal).

40.4 The Large Tax Payer Unit (LTU), VAT raised a demand of Tk. 11,288,548 u/s 55(1) of the VAT Act, 1991 through nothino. 08.01.0000.071.01.096.2020/2563/1 dated: 21.12.2022 against VAT audit for the period from 01 January 2018 to 30 June 2019. In this regard, we attended a hearing on January 11, 2023, along with the written explanation, and submitted relevant documents for their further consideration against the said demand.

Now we are waiting for the final hearing from the learned Commissioner of Large Tax Payer Unit (LTU), VAT which is under subjudice.

	Prime Bank Limited	56,755,097	53,388,597
		113,979,768	110,613,268

Customs authority imposed customs duties and taxes without considering concessionary rate of duty at 5% on imported capital machinery for setting up "the Westin Dhaka" during the years from 2004 to 2007. Unique Hotel & Resorts PLC made writ petitions in the Honorable High Court Division of the Supreme Court of Bangladesh. The Court discharged the order directing the release of imported capital machineries on payment of duty, tax and other charges to be assessed on the basis of concessionary rate in terms of SRO No. 114/2006 dated 08.06.2006 subject to furnishing bank guarantee for the remaining customs duty. As directed by the Court, Unique Hotel & Resorts PLC made the payments and Bank Guarantees for a total of Tk. 69,903,883 were issued by Southeast Bank Limited, City Bank Limited, Prime Bank Limited and Premier Bank Limited on behalf of Unique Hotel & Resorts PLC. However, according to the legal opinion, there is remote possibility of any outflow in settlement of these bank guarantees as the cases are under subjuidice now.

Furthermore, another bank guarantee of Tk. 8,872,185 was issued by Prime Bank Limited on behalf of Unique Hotel & Resorts PLC in 2017 on recommendation of Cutoms authority for the customs duties to be paid on the import of capital machinery for the Sheraton Dhaka, imposing condition to submit certificate by the Bangladesh University of Engineering and Technology (BUET) within six (06) months of receiving the final consignment of the machinery for releasing the bank guarantee. The BUET team visited our premises and submitted a complete report to Commissioner of Customs, Customs House, Chittagong on January 07, 2019. However, Customs House, Chittagong has not made any reply yet with regard to the application, which is delaying the release of our bank guarantee.

According to Gas Distibution guidelines for commercial use of gas which was issued on August 05, 2014; security deposit equivalent to three months bill is required to be given to Titas Gas Transmission and Distribution Company Limited. Two third of the aforementioned security deposit is required to be given by issuing bank guarantee by any scheduled bank for five years. Therefore, eight bank guarantees had been issued in favor of Titas Gas Transmission & Distribution Company Limited by The City Bank Limited and Prime Bank Limited on behalf of Unique Hotel & Resorts PLC. The City Bank issued total bank guarantee amounting to a total of Tk. 5,455,700 for The Westin Dhaka and Prime Bank Limited issued bank guarantee amounting to a total of Tk. 29,748,000 for Shahjapur Power Plant and Sheraton Dhaka.

41. Events after reporting period

In compliance with the requirements of IAS 10: Events After the Reporting Period, adjusting events that provide additional information about the Company's position at the end of the reporting period are reflected in the financial statements and events after the reporting period that are not adjusting events are disclosed in the notes when material. The Company have no adjusting or non adjusting events after reporting period.

## 42. Directors responsibility statements

The Board of Directors takes the responsibility for the preparation and presentation of these financial statements as per the provision of "The Framework for the Preparation and Presentation of financial statements".

## 43. General

## 43.01 Employee details:

Total number of employees having annual salary and allowances of Tk. 96,000 or above each at the reporting date was as follows:

Particulars	31 December 2022	31 December 2021
Number of employees of Unique Hotel & Resorts PLC	684	740
None of the employees were in receipt of remuneration which in aggr	regate was less than Tk. 8,000 per mor	nth

## 43.02 Remittance of dividend

No dividend has been remitted during the period.

## 43.03 Rounding off

Amounts appearing in these financial statements have been rounded off to the nearest Taka and wherever considered necessary.

## 43.04 Rearrangement of previous period figures

To facilitate comparison, certain relevant balances pertaining to the previous period have been rearranged or reclassified whenever considered necessary to conform to current period presentation.

Total:	Total as at 30 June 2022	21,298,942,599	1,999,659,250	56,581,208	23,242,020,640		2,738,096,930	242,584,263	23,416,828	2,957,264,365	20,284,756,275

total current cost at Tk.8,325,239,643, resulting in a revaluation surplus at Tk. 4,689,598,221. Thereafter Ata Khan & Co, (When S.F. Ahmed & Co, Chartered Accountants were the auditor), have revalued the land of the company as of S. F. Ahmed & Co, Chartered Accountants, have revalued all property, plant and equipment of the company as of 30 June 2009 (When Ata Khan & Co, Chartered Accountants was the auditor) following Current cost method, showing 30 June 2010 following "Current cost method" showing current cost thereof at TR. 1,687,000,000, resulting in a further revaluation surplus at TR. 843,500,000

4ta Khan & Co. Chartered Accountants, have further revalued Land & land development and building as of 30 September 2011 following "Current cost method" showing total current cost TK 5,664,596,600 and TK, 11,420,259,375 resulting in a revaluation surplus of Tk 2,276,299,688 and Tk.6,004,430,154 respectively. Unique Hotel & Resorts PLC has recorded the construction cost of a five star hotel namely "Sheraton Dhaka" in note-6: Construction Work in Progress for an amount of Tk. 9,466,212,354 as on 31 December 2022. According to the Management Agreement agreed between Unique Hotel & Resorts PLC and Marriott International, the aforesaid hotel will be operated following the operational standrads of internationally recognised hotel chain, Marriott International. However, Marriot International has not yet permitted Unique Hotel & Resorts PLC to operate the said hotel in full fledge without obtaining hotel license to comply with the regulatory requirements applicable in Bangladesh. As a result, the aforesaid hotel "Sheraton Dhaka" is not capable of operating in the manner as intended by management (IAS 16: Para 62).

Furthermore, Unique Hotel & Resorts PLC has transferred TR. 194,61,43,279 from Construction Work in Progress to Property, plant & equipment for the restaurants and banquet hall operated under "Sheraton Dhaka" during the year ended 30 June 2022. The restaurants and banquet hall have been operating through obtaining Restaurant License from District Comissioner Office, Dhaka under Bangladesh Hotel & Restaurants Act, 2014. The licenses were obtained on ebruary 03, 2022. As a result, Unique Hotel & Resorts PLC has depreciated the restaurant cost from when the restaurants are available for use, i.e. February 2022.

## Unique Hotel & Resorts PLC Calculation of Average Effective Tax Rate For the period from 01 July 2022 to 31 December 2022

		Amount in Taka
Components of tax expense		
Current tax expense	(Note -35)	103,390,849
Deferred tax expense	(Note -35)	17,843,063
Total income tax expense		121,233,912
Explanation of the relationship between tax expense &	profit before tax	
(i) a numerical reconciliation between tax expense & th	ne profit before tax	
Profit before tax		574,632,983
Current tax expense		
Business income - applicable tax rate @20%		96,084,359
Dividend Income u/s 33 (Note 29) - applicable tax rate @2	20%	532,264
Tower rent (Note 29) - applicable tax rate @20%		271,680
Interest income (Note 32) - applicable tax rate @20%		6,502,545
Total current tax expense (A)		103,390,849
Total deferred tax expense (B)		17,843,063
Total income tax expense (A+B)		121,233,912
(ii) a numerical reconciliation between the average effe	ctive tax rate & applicable tax	rate
Tax effect on business income		16.72%
Tax effect on dividend income		0.09%
Tax effect on tower rent income		0.05%
Tax effect on interest income		1.13%
Tax effect on deferred tax		3.11%
Average effective tax rate		4.22%
