Independent Auditor's Report
to
The Shareholders of the Unique Hotel & Resorts PLC

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Unique Hotel & Resorts PLC., which comprise the statement of financial position as at 30 June 2026 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the company as at 30 June 2026, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA code) together with the ethical requirements that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to the note 9.03 of the financial statements, which describes the substance of non-recognition of the investment in Dacca Steel Works Limited under equity method as per IAS 28: Investment in Associates and Joint Ventures. Our opinion is not modified in respect of this matter.

We also draw attention to Note 9.04 to the financial statements, which describes the Company's investment in Sonargaon Economic Zone Limited ("SEZL"), an associate in which the Company holds a 35% equity interest, and the advance of Taka 883,032,390 provided to SEZL. As disclosed in Note 9.04 the licence of SEZL was cancelled by the Bangladesh Economic Zones Authority (BEZA) and the Bangladesh Investment Development Authority (BIDA) on 13 April 2025, which constituted an impairment indicator under IAS 36, *Impairment of Assets*.

Management performed an impairment assessment and, based on its assessment of the recoverable amount and subsequent developments up to 30 June 2026, concluded that no impairment loss was required to be recognised in respect of the investment and advance.

Our opinion is not modified in respect of this matter.

WE ARE AN INDEPENDENT MEMBER OF
THE GLOBAL ADVISORY
AND ACCOUNTING NETWORK

Other Information

Management is responsible for the other information. The other information comprises all the information in the Annual Report other than the financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

After going through the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the board of directors of the company.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our Audit addresses the Key Audit Matter
Revenue Recognition	
Revenue is the most financially significant item in the statement profit and loss and other comprehensive income. The company has reported revenue of Taka 2,952,892,078 for the year ended 30 June 2026. Application of IFRS 15: "Revenue from Contracts with Customers" involves significant judgment in determining when 'control' of the goods or services underlying the performance obligation is transferred to the customer and the transition method to be applied. As the revenue recognition, due to the significance of the balance to the financial statements as a whole, we regard this as a key audit matter. Under IFRS 15: "Revenue from Contracts with Customers" revenue is recognized when a performance obligation is satisfied by transferring a promised good or service. Revenue (room rent, sales proceeds of food & beverage, income from space rental and shop rental) is recognized at fair value of the consideration received or receivable in the period during which the goods or services are provided. Revenue is recognized net of value added tax (VAT), supplementary duty and service charge collectible from customers as well as rebate and discount allowed to customers.	Our procedures included obtaining an understanding of management's revenue recognition process. We tested a sample of transactions to verify whether the revenue was accounted for in accordance with the revenue accounting policy as disclosed in Note- 4.07 of the financial statements. In addition, we assessed whether the disclosed revenue accounting policy was in accordance with relevant accounting standards. For the revenue recognized throughout the year, we tested selected key controls, including results reviews by management, for their operating effectiveness and performed procedures to gain sufficient audit evidence on the accuracy of the accounting for customer contracts and related financial statement captions. Our procedures included obtaining an understanding of management's revenue recognition process. We tested a sample of transactions to verify whether the revenue was accounted for in accordance with the revenue accounting policy as disclosed in Note- 4.07 of the financial statements. In addition, we assessed whether the disclosed revenue accounting policy was in accordance with relevant accounting standards.

S. F. AHMED & CO.

Key Audit Matter	How our Audit addresses the Key Audit Matter
See note no 4.07 and 27 to the financial statements.	For the revenue recognized throughout the year, we tested selected key controls, including results reviews by management, for their operating effectiveness and performed procedures to gain sufficient audit evidence on the accuracy of the accounting for customer contracts and related financial statement captions. With regard to the implementation of IFRS 15, we verified management's conclusion from assessing different types of contracts and the accuracy of the revised accounting policies in light of the industry specific circumstances and our understanding of the business. We tested the appropriateness of the accounting treatment on a sample basis. In addition, we verified the accuracy of IFRS 15 related disclosures. Our audit approach was a combination of test of internal controls and substantive procedures which included the following: Evaluated the design of internal controls relating to recording of efforts incurred and estimation of efforts required to complete the performance obligations. We conducted substantive testing of revenue recorded over the year using sampling techniques by examining the relevant supporting documents including sales invoices, bank reconciliation report, bank statement and also, we confirmed selected customers' receivable balances at the financial position date, selected on a sample basis by considering the amount outstanding with those customers. We specifically put emphasis on those transactions occurring close before or after the financial position date to obtain sufficient evidence over the accuracy of cut-off. Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards.
Property, Plant & Equipment and Capital Work in Progress	
The carrying value of Property, plant and equipment amounts to Taka 20,010,584,394 and capital work in progress amounts to Taka 8,808,071,836. These represent significant amounts in the Company's statement of financial position as at 30 June 2026. There is a risk of: • determining which costs meet the criteria for capitalization;	Our audit procedures to assess the carrying value of property, plant & equipment and capital work in progress included the following: Assessing the design, implementation and operating effectiveness of key internal controls over the completeness, existence and accuracy of property, plant and equipment and capital work in progress, including the key internal controls over the estimation of useful economic

S.F. AHMED & CO.

Key Audit Matter	How our Audit addresses the Key Audit Matter
• determining the date on which the assets is recognized to property, plant and equipment and depreciation commences; • the estimation of economic useful lives and residual values assigned to property, plant and equipment. We identified the carrying value of property, plant and equipment as a key audit matter because of the high level of management judgement involved and because of its significance to the financial statements. See note no 4.01, 4.02, 5 & 7 to the financial statements.	lives and residual values. Assessing, on a sample basis, costs capitalised during the year by comparing the costs capitalised with the relevant underlying documentation, which included purchase agreements and invoices, and assessing whether the costs capitalised met the relevant criteria for capitalization. Testing the key controls over the management's judgment in relation to the accounting estimates of the depreciable lives and residual values of property, plant and equipment. Reconcile on a sample basis the additional capitalized costs for the year to the underlying invoices and supporting documents. We assessed the company's capitalizations policy for compliance with IAS 16 and tested the expenditure capitalized against the capitalizations policy. We traced payments to supporting documents. We assessed whether the costs capitalised met the recognition criteria set forth in IAS 23: Borrowing costs, in relation to the capitalization of borrowing costs. We assessed the adequacy of the disclosures of the financial statements.
Deferred Tax	
Company reported net deferred tax liability totaling Taka 3,402,196,591 as at 30 June 2026. Significant judgment is required in relation to deferred tax liability as their liability is dependent on forecasts of future profitability over a number of years. See note no. 20 to the financial statements	We obtained an understanding, evaluated the design and tested the operational effectiveness of the company's key controls over the recognition and measurement of Deferred Tax Assets and Liabilities and the assumptions used in estimating the future taxable expense of the company. We also assessed the completeness and accuracy of the data used for the estimations of future taxable expense. We tested the mathematical accuracy in calculation of deferred tax. We evaluated the reasonableness of key assumptions, timing of reversal of temporary differences and expiration of tax loss carry forwards, recognition and measurement of Deferred Tax Liability. We assessed the adequacy of the company's disclosures setting out the basis of deferred tax liability balances and the level of estimation involved.

S.F. AHMED & CO.

Key Audit Matter	How our Audit addresses the Key Audit Matter
	We also assisted in evaluating the tax implications, the reasonableness of estimates and calculations determined by management. We also involved our internal experts from the tax area in the analysis of the reasonableness of the tax assumptions on the basis of the applicable legislation. Finally assessed the appropriateness and presentation of disclosures against IAS 12 Income Taxes.
Advance, Deposit and Prepayment	
The carrying amount of Advances, deposits and prepayments is Taka 2,748,110,810. The company recognizes advance deposits and prepayments as current assets, representing amounts paid in advance for fixed assets, goods, or services to be received in the future. These balances are significant to the financial statements and involve judgment regarding the timing of recognition, accuracy of amounts recorded, and the appropriateness of classification as current assets. The assessment of their recoverability and determining when to recognize these amounts as expenses or to adjust them based on changes in supplier or contract terms requires judgment. Given the significance of these transactions and the potential for errors in their measurement and classification, this area was identified as a key audit matter. See note no. 12 of the financial statements.	Our audit procedures included controls testing and substantive procedures covering, in particular: We evaluated the design and implementation of key controls surrounding the initiation, authorization, and recording of advances, deposits, and prepayments. We also tested the operating effectiveness of these controls. Obtained schedule of advances, deposits, & prepayments and traced the opening balances from the general ledger, and subsidiary records. checked casting and cross casting of the schedule. Obtained age-analysis of advances, deposits & prepayments and performed the following: (a) Verified classification in correct categories. (b) Current maturities of advances, deposits & prepayments has been appropriately calculated and separately disclosed. Ensured that none of the advances, deposits & prepayments are impaired or the recoverable amount is not less than its carrying amount. If the carrying amount is more than its recoverable amount, then same should be reduced to recoverable amount recognizing the reduction as impairment loss. Inquired about the nature of trade deposits. Corroborate movements in trade deposits with supporting documents. For advances to staff, reviewed company's policies for disbursement and recoveries thereof, and ensure the same with supporting documents. verified on a test basis deduction for recovery from of advances to staff from their respective payroll register.

Key Audit Matter	How our Audit addresses the Key Audit Matter
	Assessing, on a sample basis, advances, deposits and prepayments made during the year by comparing the amount with the relevant underlying documentation, which included bank statements, agreement of sale, proforma invoices, meeting minutes of board of directors and investment committee and assessing the recoverability of these prepayments made. On a sample basis, we performed substantive audit procedure for the adjustment made in advance, deposits and prepayments for discontinued investment during the year such as tracing back the refund amount to the bank statements and reviewing other supporting documents such as valuation report, meeting minutes of board of directors and approval from investment committee, agreement on advance refund with repayment schedule, correspondence letters with the relevant parties. We also reviewed whether the recognition, subsequent measurement and the impairment made was in accordance with IFRS 09. Finally, we assessed the adequacy of the disclosures made in the financial statements.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of financial statements in accordance with IFRSs, the Companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 2020, we also report the following:

a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;

b) in our opinion, proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination of these books;

c) the statements of financial position and statement of comprehensive income dealt with by the report are in agreement with the books of accounts and returns; and

d) the expenditure incurred was for the purposes of the Company's business for the year.

1. Legal status of the Company

1.01 Reporting entity

Unique Hotel & Resorts PLC ("the Company or UHRL") is a Public Limited Company in Bangladesh. The Company was incorporated on 28 November 2000 having registration no. C-41920(1279)/2000 in the name of Unique Hotel & Resorts Ltd. under the Companies Act, 1994. Subsequently, to comply with the provision of the Companies Act, 1994 (2nd Amendment 2020), the Company adopted the change of Registered name from "Unique Hotel & Resorts Ltd." to "Unique Hotel & Resorts PLC". The Company at first took approval of shareholders in the 20th Annual General Meeting on 27th December 2021 for changes in relevant clauses in the Memorandum of Association (MoA) and Articles of Association (AoA) of the Company as per section 13 of the Companies Act, 1994; made relevant changes in the MoA and AoA. Accordingly the Certificate of Incorporation, MoA and AoA have been duly approved and certified by Registrar of Joint Stock Companies & Firms on 3rd July 2022.

The Company is listed with both Dhaka Stock Exchange PLC and Chittagong Stock Exchange PLC.

1.02 Registered office

The registered office of the company is located at Plot no. 01 CWN (B), Road no. 45, Gulshan-2, Dhaka-1212.

1.03 Corporate office

Corporate office of the Company is located at 51/B, Borak Mehnur, Kemal Ataturk Avenue, Banani, Dhaka-1213.

2 Principal activities and nature of business

Unique Hotel & Resorts PLC started its commercial operation on 1st July 2007 with "The Westin Dhaka" which is a Five Star Hotel in Bangladesh. The principal activities of the Company over the period were carrying out hotel business through a Management Contract dated 20 December 1999 (renewed on 9 April 2015) executed between Unique Hotel & Resorts PLC ("the Owner") and Starwood Asia Pacific Hotels & Resorts Pte. Ltd. ("the operator"), now marriottt International. The Operator is knowledgeable and experienced in managing and promoting five star hotels and resorts and has (and/or its Affiliates have) performed such services throughout the world.

In terms of Management Contract, the operator is entitled to receive base fee, license fee, incentive fee, program service fee and institutional marketing fee from the owner on account of operation of the Hotel only. In addition, under the contract, the operator is entitled to receive centralized service fees for developing, promoting, operating, maintaining and upgrading the centralized services and associated Starwood technology.

The Company owns an international standard hotel in the name and style of "HANSA, A Premium Residence" which has started its operation from July 2018.

Considering the emerging business opportunity in this arena, Unique Hotel & Resorts PLC has constructed another Branded 5-Star Chain Hotel namely the "Sheraton Dhaka". Sheraton Dhaka has 248 rooms of different categories including Presidential and Chairman Suites, restaurants, Banquet Hall, Health Club, Spa, and Gym facilities. Two restaurants and banquet hall has been operating since February 2022 through obtaining restaurants license from District Commissioner Office. We are expecting to open the said hotel "Sheraton Dhaka" very soon.

3 Basis of preparation

3.01 Statement of compliance

The financial statements have been prepared in accordance with the applicable International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) adopted by the Institute of Chartered Accountants of Bangladesh (ICAB), the Companies Act, 1994 and other applicable laws and regulations.

3.02 Other regulatory compliances

The Company is also required to comply with the following major laws and regulations in addition to the Companies Act, 1994:

The Securities & Exchange Rules, 2020;
The Securities & Exchange Ordinance, 1969;
The Regulations of Dhaka Stock Exchange PLC and Chittagong Stock Exchange PLC;
The Income Tax Act, 2023;
The Value Added Tax and Supplementary Duty Act, 2012;
The Value Added Tax and Supplementary Duty Rules, 2016;
The Customs Act, 2023;
Dhaka Stock Exchange (Listing) Regulations, 2015;
Bangladesh Labour Act, 2006 (Amendment in 2013, 2018 and 2022);
Bangladesh Labour Rules, 2015; and
Financial Reporting Act, 2015.

S.F. AHMED & CO.

3.03 Structure, content and presentation of financial statements

Being the general purpose financial statements, the presentation of these financial statements is in accordance with the guidelines provided by IAS 1: "Presentation of Financial Statements". A complete set of financial statements comprises:

i) Statement of Financial Position;
ii) Statement of Profit or Loss and Other Comprehensive Income;
iii) Statement of Changes in Equity;
iv) Statement of Cash Flows;
v) Notes to the Financial Statements, comprising a summary of significant accounting policies and other explanatory information to the financial statements.

3.04 Investment in Associates and Joint Ventures

Associates are entities in which Unique Hotel & Resorts PLC holds 20% or more (directly or indirectly) of the investee and can exert significant influence through representation on the board of directors, power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies. The Company has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities. Interests in associates are initially recognized at cost.

Joint arrangements in the form of Joint Ventures are entities which Unique Hotel & Resorts PLC has established through joint control with other entities. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about relevant activities require unanimous consent of the parties sharing control (IFRS 11: paragraph 7).

The joint venturers must act together to direct the activities that significantly affect the returns of the joint venture company. Unique Hotel & Resorts PLC recognizes a joint arrangement as investment in a joint venture company if the contractual arrangement provides the Company:
- rights to the net assets of the joint venture company (separate vehicle, i.e. a separately identifiable financial structure including separate legal entities or entities recognized by statute);
- no interests over the ownership/title of the joint venture;
- no liability for the debts and obligations of the joint venture;
- the Company's share in the profit or loss relating to the activities of the joint venture.

Unique Hotel & Resorts PLC accounts for its investment in associates and joint ventures using the equity method in accordance with IAS 28: Investments in Associates and Joint Ventures (paragraph 16). Under the equity method, on initial recognition the investment in an associate or a joint venture is recognized at cost and the carrying amount is increased or decreased to recognize the Company's share of the profit or loss of the associate and joint venture after the date of acquisition. The Company's share of profit or loss of associates and joint ventures is recognized in the Statement of profit or loss and other comprehensive income of the Company. Distributions received from an investee reduce the carrying amount of the investment. Adjustments to the carrying amount may also be necessary for changes in the Company's proportionate interest in the associates and joint ventures arising from changes in the investee's other comprehensive income.

3.04.01 Unique Meghnaghat Power Limited

Unique Meghnaghat Power Limited (UMPL) was established in Bangladesh on 25 September 2018 as a Public Limited Company under the Companies Act, 1994 for "Power Generation". The name of the company has been changed from "Unique Meghnaghat Power Limited" to "SFL Unique Nebras Meghnaghat Power PLC." with due approval from the Hon'ble shareholders by passing a special resolution in the 4th Extra Ordinary General Meeting (EGM), held on 8th November 2023.

The principal activity of Unique Meghnaghat Power Limited (hereinafter referred to as "Joint Venture entity") is to set up and operate power plants for generation and supply of electricity. It has undertaken to set up 584MW capacity power plants at Meghnaghat, Narayanganj. Unique Meghnaghat Power Limited has already successfully completed the Reliability Run Test (RRT) on 19 January 2024 and Commercial Operation date of the project is 20 January 2024. The registered office of Unique Meghnaghat Power Limited is at 22/A Financial square, Level 5,6,7 Building no. 22/A, Road 102 &103 Block CEN(D), Gulshan-2, Dhaka-1212, Bangladesh.

The project has been financed in 25:75 equity: debt ratio. For equity financing, no further ordinary shares will be issued. Substantial equity finance will be determined by subscription of preference shares by lead parties namely Unique Hotel & Resorts PLC, Strategic Finance Limited and Nebras Power Investment Management B.V., according to Shareholders Agreement.Moreover, According to the aforesaid Shareholders Agreement (SHA) signed between Unique Hotel & Resorts PLC, Strategic Finance Limited (SFL), Nebras Power Investment Management B.V.(Nebras), GE Capital Global Energy Investments B.V., Individual shareholders and Unique Meghnaghat Power Limited, from the date of signing SHA; SFL, Unique Hotel & Resorts PLC and Nebras will hold respectively 38.76%, 37.24% and 24% of the preference shares in issue of the Joint Venture entity. After 4th closing, the total ordinary shareholding of Unique Hotel & Resorts PLC came down to 51%.

S.F. AHMED & CO.

3.04.02 Sonargaon Economic Zone Limited

Unique Hotel & Resorts PLC holds 35% of Sonargaon Economic Zone Limited (SEZL), a company which was incorporated on February 06, 2017 as a private limited company under the Companies Act, 1994. The aim of Sonargaon Economic Zone Limited is to attract new categories of investment in addition to the conventional ones. These are: Textile & Garment, Food Processing, Power Plant, Automobile, Petrochemical, Plastic and other Consumer Goods, Electric & Economics, Precision Machinery Parts, LPG Plant, a broad range of light, medium, and heavy industries is proposed for the site. The registered office of Sonargaon Economic Zone Limited is at Borak Mehnur, 51/B, Kemal Ataturk Avenue, Banani, Dhaka 1213, Bangladesh.

3.05 Basis of measurement of elements of financial statements

The financial statements have been prepared on historical cost basis and therefore, do not take into consideration the effect of inflation except that arising from revaluation of land, building and machineries as specified in note 5 and fair value of investment in quoted shares as specified in note 9.01. The accounting policies, unless otherwise stated, have been consistently applied by the Company and are consistent with those of the previous period.

3.06 Functional and presentation currency

Functional and presentation currency items included in these financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). These financial statements are presented in Bangladeshi Taka ("BDT") which is also the functional currency of the Company. The amounts in these financial statements have been rounded off to the nearest BDT except otherwise indicated.

3.07 Risk and uncertainty for use of estimates and judgment

The preparation of financial statements in conformity with International Accounting Standards requires management to make judgment, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses as well as the application of accounting policies. Uncertainty about these assumptions and estimates could result in outcomes that may require adjustment to the carrying amount of assets or liabilities affected in future period.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions of accounting estimates are recognized in the period in which the estimates are revised as required by IAS 8: "Accounting Policies, Changes in Accounting Estimates and Errors".

In particular, information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment during the reporting period is included in the following notes:

Note - 3.04, 9.02 & 9.04	Basis for using Equity Method
Note - 4.01 & 5	Depreciation
Note - 4.12 & 6	Amortization
Note - 4.11, 20 & 38	Deferred tax asset/liability
Note - 4.06, 4.08, 10 & 35	Provision for doubtful debt
Note - 4.11, 26.03 & 38	Provision for corporate tax
Note - 4.10 & 26.05	Provision for gratuity
Note - 46	Contingencies

Measurement of fair values:

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability are categorized at different levels of the fair value hierarchy, the overall fair value measurement is categorized at the same level as the lowest level input that is significant to the entire measurement.

3.08 Going concern without material uncertainties

As per IAS 1 paragraph 25, a company is required to make assessment at the end of each year to assess its capability to continue as a going concern. Management of the Company makes such assessment each year. The company has adequate resources to continue in operation for the foreseeable future and has wide coverage against its liabilities. For this reason, the directors continue to adopt the going concern assumption while preparing the financial statements.

3.09 Accrual Basis

Unique Hotel & Resorts PLC prepares its financial statements, except for cash flow information, using the accrual basis of accounting. Since the accrual basis of accounting is used, the Company recognizes items as assets, liabilities, equity, income and expenses (the elements of financial statements) when they satisfy the definitions and recognition criteria for those elements in the IFRS conceptual Framework.

3.10 Materiality, aggregation and off setting

Each material item, management considered significant, has been presented separately in the financial statements. No amount has been set off unless the Company has legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards. The values of assets or liabilities as shown in the statement of financial position are not off-set by way of deduction from another liability or asset unless there exist a legal right therefore. No such incident existed during the year.

3.11 Reporting period

The financial statements of the Company cover the financial year of twelve months from 01 July 2025 to 30 June 2026 with comparative figures for the year from 01 July 2024 to 30 June 2025.

3.12 Authorization date for issuing financial statements

The financial statements of the Company were authorized by the Board of Directors on 28 October 2026 for issue after completion of review.

3.13 Comparative information

Comparative information has been disclosed in respect of 01 July 2024 to 30 June 2025 in accordance with IAS 1: Presentation of Financial Statements for all numeric information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period financial statements. Where selecting and applying new accounting policies, changes in accounting policies applied, correction of errors, the amounts involved are accounted for and disclosed in accordance with the requirement of IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors. Prior period's figure has been rearranged wherever considered necessary to ensure comparability with the current year.

3.14 Current versus non-current classification

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification. Assets and liabilities are classified as current when they are expected to be realized, settled, sold or consumed in a normal accounting cycle or within twelve months after the reporting period. Assets and liabilities that are held primarily for trading are also considered current.

4 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

4.01 Property, plant and equipment

Initial recognition and measurement

An item shall be recognized as property, plant and equipment if it is probable that future economic benefits associated with the item will flow to the entity, and the cost of the item can be measured reliably. Property, plant and equipment are capitalized at cost of acquisition and subsequently stated at cost or revaluation less accumulated depreciation in compliance with the requirements of IAS 16: Property, Plant and Equipment. The cost of acquisition of an asset comprises its purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use. The cost also includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term debt availed for the construction/ implementation of the property, plant and equipment, if the recognition criteria are met.

The cost of self-constructed assets includes the cost of material and direct labor and other costs directly attributable to bringing the assets to a working condition inclusive of inward freight, duties and non-refundable taxes for their intended use.

Subsequent costs

The subsequent expenditure is only capitalized as part of assets when the useful life or economic benefit or both of that asset is increased provided that it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of day to day servicing of property, plant and equipment are recognized in the Statement of Profit or loss and Other Comprehensive Income as 'repair and maintenance' when it is incurred.

Depreciation of property, plant and equipment

Depreciation is provided to amortize the cost or revaluation of the assets after commissioning, over the period of their expected useful lives, in accordance with the provisions of IAS 16: Property, plant and equipment.

Unique Hotel & Resorts PLC charges depreciation from the date of acquisition until the date of disposal for the acquisitions. Depreciation of assets begins when it is available for use. Depreciation is charged on items of property, plant and equipment except land and land developments of Unique Hotel & Resorts PLC on reducing balance method.

Category of Assets	Rate of depreciation
Buildings and other civil constructions	1.25%
Hotel furniture	5%
Hotel equipment	5%
Office furniture and equipment	5%
Motor vehicles	5%

Revaluation of fixed assets

As per IAS 16: Property, Plant and Equipment (paragraph 31), after recognition as an asset, an item of property, plant and equipment whose fair value can be measured reliably shall be carried at a revalued amount and revaluations shall be made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of the reporting period.

In conformity with paragraphs 31 and 34 of IAS 16: Property, plant and equipment, the land & land development and building owned by Unique Hotel & Resorts PLC have been revalued by an independent valuer on 30 September 2011 to reflect fair value (prevailing market price) thereof following "current cost method". As the fair value of the assets does not differ significantly from its carrying amount, so no revaluation has been made during the year ended 30 June 2026.

Particulars of the assets	Name of the valuer	Qualification of the valuer	Date of revaluation	The carrying amount as on 30.09.2011	Value of assets after revaluation as on 30.09.2011	Revaluation surplus
Land & Land Development	Ata Khan & Co.	Chartered Accountants	30-Sep-11	3,388,296,912	5,664,596,600	2,276,299,688
Building			30-Sep-11	5,415,829,221	11,420,259,375	6,004,430,154
Total				**8,804,126,133**	**17,084,855,975**	**8,280,729,842**

Other fixed assets were kept outside the scope of the revaluation works in 2011.

The increase in the carrying amount of revalued assets is recognized in the separate component of equity under the head of revaluation surplus. However, the increase is recognized in profit or loss account to the extent that it reverses a revaluation decrease of the same assets previously recognized in profit or loss account. A sum of revaluation surplus is transferred directly to equity in line with IAS 16: Property, plant and equipment (paragraph 41) as the asset is used by the company. The amount of the revaluation surplus transferred is the difference between the depreciation based on the revalued carrying amount of the asset and the depreciation based on the asset's original cost. Transfer from revaluation surplus to retained earnings is not made through profit or loss.

Disposal of property, plant and equipment

An item of property, plant and equipment is removed from the statement of financial position when it is disposed off or when no future economic benefits are expected from its use or disposal. The gain or loss on the disposal or retirement of an item of property, plant and equipment is included in the statement of profit or loss and other comprehensive income in the period in which the de-recognition occurs.

Impairment of property, plant and equipment

According to IAS 36: Impairment of Assets the carrying amounts of property, plant and equipment are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount is estimated to determine the extent of the impairment loss. Impairment loss is recorded on judgmental basis, for which provision may differ in the future years based on the actual experience.

An impairment loss is recognized immediately in profit or loss, unless the asset is carried at revalued amount in accordance with another standard. Any impairment loss of a revalued asset is treated as a revaluation decrease.

S.F. AHMED & CO.

4.02 Construction work in-progress

Property, plant and equipment under construction are accounted for as capital works in progress until completion of construction and are measured at cost. Capital work in progress consists of building construction costs, costs of construction materials, acquisition cost of plant, machinery, capital components of other equipment, related installation costs and directly attributable costs incurred until date the asset placed in service including the overhead during construction. In case of purchase of components, capital work in progress is recognized when risks and rewards associated with such assets are transferred to the Company. In conformity with IAS 16: Property, plant and equipment, no depreciation has been charged on capital work in progress as it is not ready for use as intended by management.

4.03 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds as per IAS 23: Borrowing Costs.

4.04 Inventories

Inventories (stock and stores) are measured at the lower of cost and net realizable value. The cost of inventory is assigned by using average cost formula. The cost of inventories consists of purchase, costs of conversion, import duties and other non-refundable taxes and other costs incurred in bringing the inventories to their present location and condition.

4.05 Cash and cash equivalents

Cash and cash equivalents consists of cash in hand, cash with banks on current and deposit accounts and cash with Brokerage house which are held and available for use by the Company without any restriction. There is insignificant risk of change in value of the same.

4.06 Accounts and other receivables

Accounts and other receivable are initially recognized at cost which is the fair value of the consideration given in return. After initial recognition these are carried at cost less impairment losses due to uncollectible of any amount so recognized. Provision for doubtful debts are made where there is evidence of a risk of non payment, taking into account ageing, previous experience as well as general economic conditions and ultimately the prospects of realizability. Provision is made at the rate of 3% of rolling twelve months of average receivables. In specific cases, the Company makes provision based on circumstances prevailing at the reporting date regarding the recoverability of receivables.

4.07 Revenue

4.07.01 Revenue from contract with customers

The amount that reflects the consideration to which the Company expects to be entitled in exchange for goods or services when (or as) it transfers control to the customer is recognized as revenue by the Company. IFRS 15: Revenue from Contracts with Customers establishes a five-step model as follows:

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognize revenue when (or as) the entity satisfies a performance obligation.

Considering the five steps model, the Company recognizes revenue when (or as) the Company satisfies a performance obligation by transferring a promised service to a customer. Service is considered as transferred when (or as) the customer obtains control of that service. Revenue from room rent, sales proceeds of food & beverage, space rental and shop rental are recognized at fair value of the consideration received or receivable in the period during which the services are provided. Revenue is recognized net of value added tax, supplementary duty and service charge collectible from customers as well as rebate and discount allowed to customers.

4.07.02 Revenue from investment income

(a) Interest income

Interest on bank deposits and FDR have been accounted for on accrual basis.

(b) Dividend income

Quoted and unquoted shares

Dividend income against quoted and unquoted shares are recognized when the Company's right to receive the payment is established or after receipt of dividend, which is generally when shareholders approve the dividend.

Preference shares

Dividend income on cumulative preference shares are recognized on accrual basis. However, Unique Hotel & Resorts PLC is not entitled to get any dividend income for investment in preference shares for the time being.

S.F. AHMED & CO.

4.08 Financial instruments

IFRS 9 sets out requirements for recognizing and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaces IAS 39 Financial Instruments: Recognition and Measurement. The details of new significant accounting policies and the nature and effect of the changes to previous accounting policies are set out below.

4.08.01 Classification and measurement of financial assets and financial liabilities

IFRS 9 largely retains the existing requirements in IAS 39 for the classification and measurement of financial liabilities. However, it eliminates the previous IAS 39 categories for financial assets of held to maturity, loans and receivables and available for sale. The adoption of IFRS 9 has not had a significant effect on the Company's accounting policies related to financial liabilities. The impact of IFRS 9 on the classification and measurement of financial assets is set out below.

Under IFRS 9, on initial recognition, a financial asset is classified as measured at: amortized cost; Fair Value through Other Comprehensive Income (FVOCI) – debt investment; Fair Value through Other Comprehensive Income (FVOCI) – equity investment; or Fair Value Through Profit or Loss (FVTPL). The classification of financial assets under IFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. Derivatives embedded in contracts where the cost is a financial asset in the scope of the standard are never separated. Instead, the hybrid financial instrument as a whole is assessed for classification.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

(a) it is held within a business model whose objective is achieved by collecting contractual cash flows; and

(b) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income (OCI). This election is made on an investment-by-investment basis.

All financial assets not classified as amortized cost or FVOCI as described above are measured at FVTPL. A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Subsequent measurement

The following accounting policies apply to the subsequent measurement of financial assets.

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in statement of profit or loss and other comprehensive income.

Financial assets at amortized cost

These assets are classified as financial assets measured at amortized cost. These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in statement of profit or loss and other comprehensive income. Any gain or loss on de-recognition is recognized in statement of profit or loss and other comprehensive income.

Debt investments at FVOCI

These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in statement of profit or loss and other comprehensive income. Other net gains and losses are recognized in OCI. On de-recognition, gains and losses accumulated in OCI are reclassified to statement of profit or loss and other comprehensive income.

Equity investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognized as income in statement of profit or loss and other comprehensive income unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are never reclassified to profit or loss.

Impairment of financial assets

IFRS 9 replaces the 'incurred loss' model in IAS 39 with an 'expected credit loss' (ECL) model. The new impairment model applies to:

- financial assets measured at amortized cost,
- contract assets and
- debt investments measured at FVOCI, but the standard does not apply to investments in equity instruments.

The financial assets at amortized cost consist of trade receivables, cash and cash equivalents, and corporate debt securities. The Company measures loss allowances at an amount equal to ECL from trade receivables.

S.F. AHMED & CO.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. Loss allowances measured at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:
• debt securities that are determined to have low credit risk at the reporting date; and
• other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for accounts receivables and contract assets are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Measurement of Expected Credit Losses (ECL)
ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Presentation of impairment
Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is recognized in OCI, instead of reducing the carrying amount of the asset.

In accordance to IAS 36 Para 12 impairment test to be performed if there are indications of market value declines, negative changes in technology, markets, economy, or laws, increases in market interest rates, net assets of the Company higher than market capitalization, obsolescence or physical damage, asset is idle, part of a restructuring or held for disposal, worse economic performance than expected and for investments in subsidiaries, joint ventures or associates, the carrying amount is higher than the carrying amount of the investee's assets, or a dividend exceeds the total comprehensive income of the investee.

The carrying value of non-financial assets, other than inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognized whether the carrying amount of asset or its cash generating units exceeds its recoverable amount. Impairment losses, if any, are recognized in the statement of profits or loss and other comprehensive income.

4.09 Accruals, provisions and contingencies

(a) Accruals
Accruals are liabilities to pay for services that have been received or supplied but have not been paid, invoiced or formally agreed with the supplier, including amounts due to employees. Accruals are reported as part of accounts and other payables. Other payables are not interest bearing and are stated at their nominal value.

(b) Provisions
Provisions and accrued expenses are recognized in the financial statements in line with IAS 37: Provisions, contingent liabilities and contingent assets when:
· the Company has a legal or constructive obligation as a result of past event.
· it is probable that an outflow of economic benefit will be required to settle the obligation.
· a reliable estimate can be made of the amount of the obligation.
Provision is ordinarily measured at the best estimate of the expenditure required to settle the present obligation at the reporting date. Where the Company expects some or all of the provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit or loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. During the reporting period, the Company has made sufficient provisions where applicable.

(c) Contingencies
A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability. Contingencies are disclosed in Note-46.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A contingent assets is disclosed where an inflow or economic benefits is probable.

S.F. AHMED & CO.

4.10 **Employee benefits**

(a) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

(b) Defined contribution plan (Provident fund)

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and has no legal or constructive obligation to pay further amounts.

The companies maintain separate defined contribution plan for its eligible permanent employees. The eligibility is determined according to the terms and conditions set forth in the respective Trust Deeds and Rules.

The companies have separate provident fund scheme recognized under Income Tax Act, 2023. All permanent employees contribute 10% of their basic salary to the provident fund and the companies make matching contributions.

The Company recognizes contribution to defined contribution plan as an expense when an employee has rendered related services in exchange for such contribution. The legal and constructive obligation is limited to the amount, the Company agrees to contribute to the fund.

(c) Defined Benefit Plan

Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The employee gratuity plan is considered as defined benefit plan as it meets the recognition criteria. According to the existing policy, the employees working at The Westin Dhaka and Sheraton Dhaka premises who have completed the required length of services are paid gratuity which is calculated on the last basic salary of the outgoing employees. The Company's obligation is to provide the agreed benefits to current and former employees.

Workers' Profit Participation Fund (WPPF)

Unique Hotel & Resorts PLC provides 5% of its profit before tax after charging contribution to WPPF in accordance with the Bangladesh Labour Act, 2006 (as amended in 2023). A Board of Trustees of WPPF has been formed and the required fund has been disbursed for the year up to 30 June 2024 to the bank account of the Trustee Board and Government Welfare Fund in compliance with the said Act.

4.11 **Taxation**

Income tax expense comprises current and deferred taxes. Income tax expense is recognized in statement of profit or loss and other comprehensive income except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity in accordance with IAS 12: Income Taxes.

(a) Current tax

Income tax expense for current period is recognized on the basis of the Company's computation based on the best estimated assessable profit for the period at the applicable tax rate pursuant to provision of Income Tax Act, 2023. As per paragraph 46 of IAS 12: Income Taxes, current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous periods. The tax rate used by Unique Hotel & Resorts PLC as a publicly traded company for the reporting period is 20% according to the Finance Act 2026.

(b) Deferred tax

Deferred tax is recognized as income or expense and included in the net profit or loss for the period. Deferred tax relating to items dealt with other comprehensive income is recognized as tax relating to other comprehensive income.

According to paragraph 47 of IAS 12: Income Taxes, deferred tax asset or liability is measured at the tax rates that are expected to apply to the period when the assets are realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Taxable Temporary difference

A deferred tax liability is recognized for all taxable temporary differences, except to the extent that the deferred tax liability arises from:

(a) The initial recognition of goodwill; or

(b) The initial recognition of an asset or liability in a transaction which;

(i) Is not a business combination; and

(ii) At the time of the transaction, affects neither accounting profit nor taxable profit (loss)

Revaluations to fair value – Property, Plant and Equipment

According to paragraph 20 of IAS 12: Income Taxes, the revaluation does not affect taxable profits in the period of revaluation and consequently, the tax base of the asset is not adjusted. Hence a temporary difference arises. This is provided for in full based on the difference between carrying amount and tax base. An upward revaluation is therefore give rise to a deferred tax liability.

Moreover, the transfer of excess depreciation or amortization from revaluation reserve to retained earnings is net of related deferred tax according to paragraph 64 of IAS 12: Income Taxes.

Deductible temporary difference

A deferred tax asset is recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized, unless the deferred tax asset arises from the initial recognition of an asset or liability in a transaction that is not a business combination; and at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity.

The Company's existing accounting policy for uncertain income tax treatments is consistent with the requirements in IFRIC 23 Uncertainty over Income Tax Treatments, which became effective on 1 January 2019.

4.12 Intangible assets

Intangible assets that are acquired by the Company which have finite useful lives are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible assets are recognized when all the conditions for recognition as per IAS 38 Intangible Assets are met. The cost of an intangible asset comprises its purchase price, import duties and non-refundable taxes and any directly attributable cost of preparing the asset for its intended use. Subsequent costs are capitalized only when they increase the future economic benefits embodied in the specific assets to which they relate. All other costs are recognized in profit or loss as incurred.

Internally generated intangible assets including goodwill are not capitalized. Internally generated goodwill is not recognized as an asset because it is not an identifiable resource (i.e. it is not separable nor does it arise from contractual or other legal rights) controlled by the Company that can be measured reliably at cost.

Amortization

Amortization is calculated to write-off the cost of intangible assets less their estimated residual values using the straight line method over their estimated useful lives, and is generally recognized in profit or loss. The rates at which intangible assets are amortized are given below:

Category of Assets	Rate of amortization
SAP S4 HANA software	10%

4.13 Earnings Per Share (EPS)

Earnings Per Share (EPS) are calculated in accordance with IAS 33: Earnings Per Share.

Basic earnings per share

Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary equity holders of Unique Hotel & Resorts PLC by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share

For the purpose of calculating diluted earnings per shares, the Company adjusts profit or loss attributable to each ordinary equity holders of the entity, and weighted average number of shares outstanding, for the effects of all dilutive potential ordinary shares. Diluted EPS is only calculated where the Company has commitment to issue ordinary share in future at reporting date. However, dilution of EPS is not applicable for these financial statements as there was no dilutive potential during the relevant periods.

4.14 Foreign currency transaction and translation

At the end of each reporting period in compliance with the provision of IAS 21: The effects of changes in Foreign Exchange Rates:

(a) Foreign currency monetary items are translated using the closing rate.

(b) Non-monetary items that are measured in terms of historical costs in a foreign currency are translated using the exchange rate at the date of the transaction.

(c) Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rate at the date when the fair value is determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rate different from those at which they were translated on initial recognition during the period or in previous financial statements is recognized in statement of profit or loss and other comprehensive income in the period in which they arise.

Amount in foreign currency bank accounts and other foreign currency balances have been translated into taka at the reporting date at the exchange rate prevailing on that date and gain/(loss) have been accounted for as other income/(loss) in statement of profit or loss and other comprehensive income.

4.15 Operating segments reporting

An operating segment is a component of the company that engages in business activities from which it may earn revenue and incur expenses, including revenues and expenses that relate to transactions with the company's other components and for which discrete financial information is available.

S.F. AHMED & CO.

According to IFRS 8: Operating Segments, the Company started with hotel operations. With time, it diversified its business and operations into power generation. The Company has determined its operating segments considering nature of segmental business. The business segments are managed separately and the operating results of the business segments are regularly reviewed by the company's Board of Directors to make decisions about resources allocated to the segments and assess its performance.

Information about operating segment has been presented in Note-43.

4.16 Statement of cash flows

The statement of cash flows has been prepared in accordance with requirements of IAS 7: Statement of Cash Flows. The cash generated from operating activities has been prepared using the "Direct Method" as prescribed by the Securities and Exchange Rules, 2020 and as the benchmark treatments of IAS 7 whereby major classes of gross cash receipts and gross cash payments from operating activities are disclosed.

4.17 Related party disclosures

The Company carried out a number of transactions with related parties in the normal course of business and on arm's length basis. The information as required by IAS 24: Related party disclosures has been disclosed in a separate notes to the financial statements (Note 44).

4.18 Events after the reporting period

Events after the reporting period that provide additional information about the Company's position at the statement of financial position date are reflected in the financial statements as per IAS 10: Events after the Reporting Period. All material events occurring after the statement of financial position date have been considered and where necessary, adjusted for or disclosed.

4.19 Compliance with Financial Reporting Standards as applicable in Bangladesh

According to Para-12 of Securities & Exchange Rule 2020, Unique Hotel & Resorts PLC has prepared its financial statements in compliance with the following International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted by The Institute of Chartered Accountants of Bangladesh (ICAB).

Dhaka City Corporation (DCC), presently Dhaka North City Corporation (DNCC), was the owner of 60 kathas of land located at 44, Kemal Ataturk Avenue, Banani, Dhaka-1213 where DNCC constructed a three storied building along with one basement on an area of 44 (forty-four) kathas of land with a foundation and there was also a vacant land of 16 (sixteen) kathas. Subsequently, Borak Real Estate Ltd. submitted a tender proposal and the Technical and Tender Evaluation Committee issued a letter of acceptance. Thus DNCC registered and executed an agreement with BREL to construct a building on the aforesaid 60 kathas of land (vacant and existing three storied building). For floors up to level-14, was agreed at the following ratio:

a) Borak Real Estate Limited 70% and
b) Dhaka City Corporation 30% .

DNCC also executed a registered Power of Attorney in favor of BREL empowering and authorizing BREL to sell, mortgage, lease, etc. it's portion of share at its own.

Subsequently, an Agreement was made between Unique Hotel & Resorts PLC and Borak Real Estate Limited (BREL) on December 07, 2010 for construction and operation of a five-star hotel, which was duly submitted to Bangladesh Securities & Exchange Commission before going to IPO of Unique Hotel & Resorts PLC. According to that agreement, profit or loss from hotel operation shall be shared between the parties at the following ratio:

a) Unique Hotel & Resorts PLC 50%;
b) Borak Real Estate Limited 50%

Subsequently, a supplementary agreement was duly signed on September 10, 2011 between the parties with the change in terms and conditions as suggested by Bangladesh Securities & Exchange Commission.

In consideration of the above profit or loss sharing ratio, BREL has provided 100% space along with surrounding area for construction of the said Hotel namely "Sheraton Dhaka" and Unique Hotel and Resorts PLC has borne the construction cost of the hotel building and also operation related costs including but not limited to required equipment, machineries, furniture, household articles, kitchen dining, sports articles, office equipment's, vehicles, lighting to be procured either locally or from abroad as may be suitable for running a hotel maintaining international standard.

Moreover, DNCC renegotiated with BREL for the floor space of level 15 to 28 at the following ratio:

a) Borak Real Estate Limited 60% and
b) Dhaka City Corporation 40% .

and according to the agreed ratio for level 15-28, DNCC share of 35,640 sft for level 15-28 has been given from BREL space of level-6 & level-9 of the same building. The ratio was approved in the 18th Corporation Board Meeting of DNCC dated November 07, 2022 and 19th Corporation Board Meeting of DNCC dated January 07, 2023. Subsequently, DNCC had requested for approval from Local Government Rural Development (LGRD) vide letter ref. no. 46.207.007.09.26.686.2004 dated March 02, 2023 for the space allocation for level 15-28 at 60:40 ratio between BREL and DNCC.

Furthermore, Board of Directors of Unique Hotel and Resorts PLC has reviewed the existing agreement between BREL and UHRL for Sheraton Dhaka and have decided to continue the 50:50 profit sharing ratio with BREL at its 165th meeting dated June 26, 2023. In the meantime, a writ petition being No 7415.2023 is pending before High Court Division wherein High Court Division vide order dated 09.10.2023 directed DNCC and BREL to execute the agreement by sharing spaces up-to 20 floors and accordingly both the parties had executed an agreement on 13.11.2023. However, the parties will execute a further agreement up-to 28th floor upon final verdict of the Court.

In these circumstances, UHRL and BREL have executed a Joint Venture (Profit Sharing) Agreement on 30 June 2024 which is effective from June 26, 2023 with revised terms and conditions.

Investments in equity shares in different companies are classified as a financial asset at fair value through profit or loss as it was held for trading (it was acquired or incurred principally for the purpose of selling or repurchasing it in the near future). The investment has been measured at fair value except investments that do not have a quoted investment price in an active market and whose fair value can not be reliably measured. Investments that do not have a quoted investment price has been measured at cost. In reference to para 5.7.1 of IFRS 9: Financial Instruments, the gain or loss arising from change in the fair value of the investments is recognized in the statement of profit or loss and other comprehensive income.

9.02 Investment in Joint Venture

Unique Meghnaghat Power Limited

Ordinary share capital	634,950	641,050
Preference share	5,344,024,340	5,344,024,340
Share of net profit of Joint Venture entity (note-9.02.01)	4,092,420,985	2,724,709,817
Share of other comprehensive income of Joint Venture entity (note-9.02.02)	(272,317,110)	(283,507,290)
Closing balance	**9,164,763,165**	**7,785,867,917**

Unique Meghnaghat Power Limited. ("Joint Venture entity") was initiated among Strategic Finance Ltd. (SFL), Unique Hotel & Resorts PLC and GE Capital Energy Investments B.V. (GE). Unique Hotel & Resorts PLC (the company) has subscribed for 62.76% of ordinary shares of Joint Venture entity as a sponsor company. Later on, Nebras Power, a Qatar based power company, came into the joint arrangement with a commitment of providing 24% equity into the project company through their Netherland based entity Nebras Power Investment Management BV (Nebras). As GE expressed its unwillingness to inject any further equity into the project company after initial subscription of USD 3000, all the subsequent equity has been providing by Unique Hotel and Resorts PLC, SFL and Nebras in the form of preference shares. Equity injection through preference shares is essential because of some covenant into project agreement restricting any change in ownership structure of the project company before the lapse of sixth year of commercial operation.

In these circumstances, a Share Purchase Agreement (SPA) has been executed between Unique Meghnaghat Power Limited., Unique Hotel & Resorts PLC., Strategic Finance Limited (SFL) and Nebras Power Investment Management BV. Based on the abovementioned agreement, Unique Hotel & Resorts PLC has agreed to transfer 11.76%; 14,641 numbers of ordinary shares @Tk.10 per ordinary share to Nebras Power Investment Management BV in consideration of total USD 24,068,800 to be executed by 1st, 2nd, 3rd and 4th closing, phase by phase subject to the satisfaction of the Condition Precedents (CPs) as per agreement. The shareholders of Unique Hotel & Resorts PLC have been duly informed through a Price Sensitive Information dated April 15, 2021. As such, pursuant to the Schedule 1 of the SPA, the company completed the CPs of the first closing where Unique Hotel and Resorts PLC transferred 8.82% (10,981 shares) to Nebras Power Investment Management BV on February 22, 2022. Subsequently, Nebras Power Investment Management B.V has remitted the First closing money of USD 9,699,188.88 including stamp duty to the bank account of Unique Hotel & Resorts PLC. The Company has completed 2nd and 3rd closing of the aforesaid SPA and further transferred 3,050 (2.45%) shares to Nebras for a consideration of USD 10,911,587 including stamp duty. According to the Share Sale and Purchase Agreement with Nebras Power Investment Management B.V (NPIM) signed on April 15, 2021; Unique Hotel & Resorts PLC. has sold .49%, i.e. 610 no.s of ordinary shares of Unique Meghnaghat Power Ltd. for net consideration of USD 35,42,145 (Tk. 425,807,641). The cost of the shares @Tk.10 is Tk.6,100 (USD 50). The capital gain on sale of share amounts to USD 35,42,095 (Tk. 425,801,541). After 4th closing, the total ordinary shareholding of Unique Hotel & Resorts PLC came down to 51%.

As per Shareholders Agreement (SHA) signed between Unique Hotel & Resorts PLC, Strategic Finance Limited, Nebras Power Investment Management B.V., GE Capital Global Energy Investments B.V., Individual shareholders and Unique Meghnaghat Power Limited; SFL, Unique Hotel & Resorts PLC and Nebras will hold 38.76%, 37.24% and 24% respectively of the preference shares in issue of the project company from the date of signing the SHA. Investment in ordinary shares and cumulative preference shares have initially been recorded at cost.

Since preference shareholders are responsible for substantially all of the equity injection, they have complete control over how the relevant activities are implemented in proportion to their preferred shareholding percentage as mentioned above. Unique Hotel & Resorts PLC, SFL and Nebras take all the relevant decisions of the Joint Venture entity jointly. Hence, Unique Hotel & Resorts PLC, SFL and Nebras have joint control over UMPL and have right over net assets of the Joint Venture entity in proportion to their ordinary shares and preference shares on fully dilution basis. Under these circumstances, Unique Hotel & Resorts PLC has accounted for investment in Unique Meghnaghat Power Limited as joint venture under IFRS 11: Joint Arrangements in equity method as per IAS 28: Investment in Associates and Joint Ventures.

According to IAS 28 (paragraph 10), the investment in Unique Meghnaghat Power Limited (Joint Venture entity) was recognized at cost on initial recognition and the carrying amount is increased or decreased to recognize the Unique Hotel & Resorts PLC's share of the profit or loss of and other comprehensive income of the Joint Venture entity after the date of acquisition. Moreover, according to the AOA of Unique Meghnaghat Power Limited and terms and conditions of the Shareholders Agreement and Subscription Agreement, the ordinary shareholders shall not receive any dividend and only lead parties, namely Unique Hotel & Resorts PLC, SFL and Nebras will be entitled to dividend on sweep cash basis in proportion of preference shareholding percentage until the conversion of all preference shares into fully paid ordinary shares. In both scenarios, Unique Hotel & Resorts PLC will get only 37.24% of the dividend to be distributed. As a result, Unique Hotel & Resorts PLC has accounted for 37.24% of the net assets of Unique Meghnaghat Power Limited for calculation of carrying amount of the investment in the joint venture entity in equity method.

S.F. AHMED & CO.

Unique Hotel & Resorts PLC ("the Company") holds a 35% equity interest in Sonargaon Economic Zone Limited ("SEZL"), amounting to Tk. 10,500,000, which is accounted for as an investment in an associate in accordance with IAS 28 – Investments in Associates and Joint Ventures. In addition, the Company has provided an advance of Tk. 883,032,390 to SEZL.

On 13 April 2025, the Government of Bangladesh, through the Bangladesh Economic Zones Authority (BEZA) (Reference No. 03.07.0000.023.49.055.16.4076) and the Bangladesh Investment Development Authority (BIDA), cancelled the licence of SEZL along with nine other economic zones. This development constituted an indicator of impairment under IAS 36 – Impairment of Assets, requiring the Company to assess whether the carrying amounts of its investment and related advance exceeded their recoverable amounts.

Management performed an impairment assessment as at 26 October 2025 and determined the recoverable amount of the investment and related advance at Tk. 1,127,552,859, compared with the aggregate carrying amount of Tk. 886,339,875, comprising the investment in associate of Tk. 3,307,485 and advance to SEZL of Tk. 883,032,390. Accordingly, the recoverable amount exceeded the carrying amount by Tk. 241,212,983, and no impairment loss was recognized.

As at 30 June 2026, management reassessed the circumstances and developments relating to SEZL, including whether there had been any significant changes in the underlying assumptions, financial condition or other relevant factors that could adversely affect the recoverable amount determined in the previous assessment. Based on management's assessment, no material changes were identified that would indicate a reduction in the previously determined recoverable amount.

	(151,675,290)	**(146,179,147)**
Closing balance	**205,704,176**	**205,632,235**

Provision for bad debts is made at the rate of 3% of rolling twelve months of average receivables in compliance with the policy of marriott International Moreover, total accounts receivable of The Westin Dhaka is Tk. 250,695,247 and out of that, receivable from Karim Associates (customer) is Tk. 141,579,465 (invoices belongs to FY 2019-2020 pre COVID-19 period). Due to COVID-19, the Govt. restricted international flight operations and Karim Associates stopped their operations from March 2020. However, Karim Associates entered an agreement with Unique Hotel & Resorts PLC in September 30, 2020, indicating they will restore the operations effective from October 2020 and repay the dues in three equal installments through post-dated cheques of Tk. 47,193,155 each payable in December 2020, March 2021, and June 2021. However, these scheduled cheques bounced due to insufficient funds. This raised uncertainty in recovering the due balance from Karim Associates. In these circumstances, management of Unique Hotel & Resorts PLC made specific provision for the aforesaid receivable balance of Tk. 141,579,465 during the period ended 30 June 2021. However, as per our legal department recommendation, we proceeded with the service of statutorily mandated demand notice and subsequently, we filed separate Negotiable Instruments Act cases on February 28, 2021 (Sessions Case no. 9820/2021 arising out of CR 281/21); June 16, 2021 (Sessions Case No. 14939/2021 arising out of CR 866/21) and September 13, 2021 (Sessions Case No.2386/2022 arising out of CR 2386/21) for the abovementioned cheques against Karim Associates which is under subpubic now. Updates of the cases are as follows:

1. **Sessions Case no. 9820/2021 arising out of CR 281/21 :** The case is pending before the 6th Joint Metropolitan Sessions Judge Court, Dhaka. Charges have been framed in the case and the deposition and cross examination of the Complainant witness has been completed. The case is now pending for examination of the Accused.
2. **Sessions Case No. 14939/2021 arising out of CR 866/21 :** The case is pending before the 4th Joint Metropolitan Sessions Judge Court, Dhaka. Charges have been framed in the case and the deposition of the Complainant witness has been completed. The case is now pending for cross-examination of the Complainant witness;
3. **Sessions Case No. 6214 of 2022 arising out CR- 2386/2021 :** The case is pending before the 4th Joint Metropolitan Sessions Judge Court, Dhaka. Charges have been framed in the case and the deposition of the Complainant witness has been completed. The case is now pending for cross-examination of the Complainant witness.

Unique Meghnaghat Power Limited successfully completed the Reliability Run Test (RRT) on 19 January 2024 and the Commercial Operation date of the project was 20 January 2024, but the official COD letter was issued by the Bangladesh Power Development Board (BPDB) on March 03, 2024. However, COD has been delayed and BPDB has also been delayed in settling the invoice in the recent time. Moreover, USD 360 million foreign loan (partial disbursement out of USD 463 million) has also been disbursed to Unique Meghnaghat Power Limited on December 18, 2023. As a Sponsor of the project, we need to provide a Sponsor Support loan to the Joint Venture entity to meet their 1st repayment of the aforesaid foreign loan which was scheduled on March 15, 2024.

Unique Meghnaghat Power Limited will repay the sponsors' loan once they have received the invoiced money from BPDB..

Moreover, based on the Agreement between Unique Hotel & Resorts PLC and Unique Meghnaghat Power Limited for the Sponsor's support loan; interest has been accrued at cut off yield of 182 days Bangladesh Government Treasury Bill (BGTB) published by Bangladesh Bank in its website plus 2% margin per annum, calculated on a semi annually basis.

Advance against land includes the advance of Tk. 2,600,000,000 for the purchase of 23.9375 katha of land at Gulshan Avenue, Gulshan-2, Dhaka-1213, from Borak Real Estate Limited (BREL) to be used by the Company as proposed Seven Star International Chain Hotel. However, amidst the post covid economic crisis, the Board of Directors reviewed the existing investment projects of Unique Hotel and Resorts PLC. After extensive review, to complete the on-going project development work smoothly, the Board of Directors has decided to appoint a third party valuer namely Howladar Yunus & Co., Chartered Accountants to assess the fair value. On the basis of valuation, the Board of Directors has decided to develop the proposed Seven Star International Chain Hotel jointly with Borak Real Estate Ltd. (BREL). Therefore, UHRL would get back the aforesaid advance from Borak Real Estate Ltd. and on board the company as a joint venture (profit sharing) partner of the project as per the land ratio 53.34 (BREL) : 46.66 (UHRL). This decision was duly approved by the shareholders on 22nd Annual General Meeting dated 12th December 2023.

In the meantime, Borak Real Estate Limited has started returning the advance money to UHRL and in the year 2025-26 BREL already refunded BDT 1001,559,655.

	Amount in Taka	
	30 June 2026	30 June 2025
12.01.03 Advance for hotel service apartment (Receivable from Borak Real Estate Ltd.)		
Opening balance	260,631,345	2,270,920,057
Add: Addition during the period	-	-
Less: Advance refund received from Borak Real Estate Ltd. during the period	(260,631,345)	(2,010,288,712)
Closing balance	**-**	**260,631,345**

The advance has been given to Borak Real Estate Limited for the purchase of 1,85,575.03 sft. floor space along with proportionate car parking and common spaces of the Commercial Complex namely "Acropolis" situated at Plot # 34A, 35A, 36A, 37A, 38B and 38C, Road# 35 & 45, Gulshan (North) Commercial Area, Dhaka. Total advance payment against purchase of the space amounts to BDT 3,919,375,000 as of 30 June 2024. Moreover, loan from Al Arafah Islami Bank Ltd. and Standard Chartered Bank has been taken to purchase the aforesaid floor space at 50:50 debt:equity ratio and to finance the development of the project. Borrowing costs arising from the aforesaid loan has been capitalized which amounts to BDT 310,897,758 as of 22nd Annual General Meeting dated 12th December 2023. Details of the said loan has been disclosed in note-19.

However, amidst the post covid economic crisis situation, the Board of Directors reviewed the existing investment projects of Unique Hotel and Resorts PLC. After extensive review and series of discussion, the Board of Directors decided to appoint a third party valuer to assess the fair value of the project. Accordingly, a valuation work had been carried out by a renowned Chartered Accountancy Firm namely, MABS & J Partners, Chartered Accountants. On the basis of the valuation report BREL agreed to pay full advance amount of Tk. BDT 3,919,375,000 along with the fair value gain of 413,245,057, the Board of Directors decided to get back the advance money from Borak Real Estate Ltd. This decision was duly approved by the shareholders on 22nd Annual General Meeting dated 12th December 2023. Accordingly Borak Real Estate Ltd. has refunded advance money worth BDT 2,061,700,000 to Unique Hotel and Resorts PLC during the year ended 30 June 2024 and BDT 2,010,288,712 during the year ended 30 June 2025 and BDT 260,631,345 during the year ended 30 June 2026.

12.01.04 Other Advance

Unique Hotel and Resorts PLC paid BDT 88,054,859 to Civil Aviation Authority of Bangladesh (CAAB) to continue business activities of its revenue stream in the Airport (Sky Lounge) situated at 3rd floor of the Hazrat Shahjalal International Airport (Sky Lounge) in 2021. The aforesaid payment is the accumulated due balance from Karim Associates to CAAB, which was supposed to be adjusted with our future lease payments for the Sky Lounge. Subsequently, CAAB has recovered partially the due balance from Karim Associates and BDT 19,331,674 was duly adjusted with our yearly lease payment for the FY 2022-23. In these circumstances, considering a conservative approach, the management of Unique Hotel and Resorts PLC has decided to recognize full impairment allowance for the remaining due of BDT 68,723,185 as of 30 June 2024. However, if any amount is recovered in the future that will be adjusted with our future lease payment for Sky Lounge.

As at 30 June 2026, the Company had total FDRs of Tk. 212.57 crore, of which Tk. 28.57 crore were under lien with various banks as security for Bank Guarantees issued in favour of the Bangladesh Power Development Board and Chattogram Customs authorities on behalf of the Company and its joint venture, Unique Meghnaghat Power Limited.

The Company has investments in People's Leasing and Financial Services Ltd. (PLFSL) to the extent of Tk. 43,679,385 in the form of term deposits. At present, a winding up application, Financial Institution Matter No. 1 of 2019 filed by Bangladesh Bank, is pending against PLFSL in the Honorable High Court Division of the Supreme Court of Bangladesh. The Honorable High Court has not allowed the application but has instead reconstructed PLFSL's Board of Directors through the court order dated July 15, 2021 and also directed the depositors not to insist upon the Board of Directors or management of the PLFSL for return of their money in next six (6) months. The order of direction restraining Unique Hotel & Resorts PLC as a depositor from demanding repayment from PLFSL has been extended four times, lastly until January 2024. Unique Hotel & Resorts PLC is also not aware of any developments which would suggest that there would not be any further extensions of the interim order. Unique Hotel & Resorts PLC has also sought legal opinion from renowned legal advisor in this matter. However, considering the abovementioned facts, Unique Hotel & Resorts PLC has considered its investment in PLFSL to be a credit impaired financial asset in terms of IFRS 9 on a conversative approach and has made loss allowance against the principal receivable from PLFSL. Unique Hotel & Resorts PLC made 100% loss allowance as of 30 June 2025. However, such allowance represents a prudent measure of accounting on its part, it does not represent a waiver of any claim against PLFSL.

Furthermore, the Company has investments in International Leasing and Financial Services Ltd. (ILFSL) to the extent of Tk. 231,000,000 in the form of term deposits. At present, a winding up application by the depositors of ILFSL, Company Matter No. 299 of 2019, is pending against ILFSL in the Honorable High Court Division of the Supreme Court of Bangladesh. The Honorable Court did not allow the application, instead had reconstructed ILFSL's Board of Directors. In these circumstances, notwithstanding the pious intent expressed in ILFSL's latest plan of rebuilding, Unique Hotel & Resorts PLC has made 80% loss allowance against principal receivable from ILFSL on a conservative approach as of 30 June 2024. However, such allowance represents a prudent measure of accounting on its part, it does not represent a waiver of any claim against ILFSL.

However, ILFSL has also shared their rebuilding plan on September 12, 2024 and according to their plan, the depositor companies have been given opportunity to convert their deposits (principal amount) at ILFSL into equity in the form of ordinary shares (25%) and non-cumulative irredeemable preference shares (75%). The final scheme will be submitted before all the depositors and lenders for their approval within June 2025.

Unique Meghnaghat Power Limited has foreign currency loan with the term of Secured Overnight Financing Rate (SOFR) plus fixed margin interest rate where SOFR is a variable rate. It has entered into an Interest Rate Cap (IRC) hedge arrangement to hedge the variable interest rate linked SOFR for 70% of outstanding loan as per Common Terms Agreement.

The company has taken drawdown of USD 360 million from the Senior lenders on 18 December 2023. The interest rate for the loan is SOFR plus 4.18% for Development Financial Institutes (DFIs) lenders and SOFR plus 1.58% for ECA lender. The variable interest portion (SOFR) has been hedged with the IRC at 4%. The upfront premium of USD 15.24 million [BDT 1,676 million] has been paid to Hedge Counterparty, Standard Chartered Bank. The upfront premium of hedge at the start of hedge agreement has been recognized as Hedge Instrument-Cap which will be gradually amortized in full over the period of hedge.

As a result, a Hedging reserve has been reported in Joint Venture entity's (Unique Meghnaghat Power Limited) financial statements to account for the changes in fair value of cash flow hedging reserve according to IFRS 9. Unique Hotel & Resorts PLC ("the Company") has accounted for its respective share (37.24%) for the same on its other comprehensive income.

			Amount in Taka	
			30 June 2026	30 June 2025
41	**Net Asset Value per share, Earnings per share and Net Operating Cash Flow per share**			
41.01	**Net Asset Value (NAV) per share**			
	Net Asset Value	A	28,236,839,562	27,646,639,041
	Number of ordinary shares	B	294,400,000	294,400,000
	Net Asset Value (NAV) per share (Published)	C= (A/B)	**95.91**	**93.91**

			Amount in Taka	
			01 July 2025 to 30 June 2026	01 July 2024 to 30 June 2025
41.02	**Earnings per share (EPS) on Net Profit after tax before other Comprehensive Income: (per share of Tk. 10)**			
	Earnings attributable to ordinary shareholders	A	1,038,995,334	1,525,412,070
	Number of ordinary shares	B	294,400,000	294,400,000
	Basic and Diluted Earnings Per Share (Published)	C= (A/B)	**3.53**	**5.18**

Both Basic EPS and Diluted EPS are same since there was no dilutive potential during the relevant period.

EPS of Unique Hotel & Resorts PLC stood at Tk. 3.53 per share for the year ended 30 June 2026, compared to Tk. 5.18 per share in the previous year — reflecting an overall decrease of 32%.

Rising commodity prices, higher electricity and gas tariffs, and regional travel disruptions arising from the Iran–US conflict, including flight cancellations and booking uncertainty, placed additional pressure on the hospitality sector. The EPS impact of the Company's core operational performance was at Tk. (0.24) in 2025–26, compared to Tk. 0.87 in the previous year. The decrease was primarily attributable to the absence of a gain of Tk. 42.58 crore from the sale of shares in the joint venture entity, Unique Meghnaghat Power Limited, which had significantly contributed to the previous year's profitability. Non-operational items contributed a positive EPS of Tk. 0.06 in 2025–26, compared to a negative Tk. 0.01 in 2024–25. Meanwhile, income from the joint venture entity contributed approximately Tk. 109 crore (equivalent to Tk. 3.71 EPS), remaining a substantial contributor to the Company's overall current-year profitability.

A reconciliation has been presented below, showing reconciliation of operational and non operational EPS for reporting period along with comparative period:

Particulars	01 July 2025 to 30 June 2026	01 July 2024 to 30 June 2025	Variance (in %)

S.F. AHMED & CO.

42. Risk exposure

The Company is exposed to various risks through its use of financial instruments. The events and consequences discussed in these risk factors could, in circumstances, we may or may not be able to accurately predict, recognize, or control, have a material adverse effect on our business, liquidity, financial condition, and results of operations. In addition, these risks could cause results to differ materially from those we express in forward-looking statements contained in this report or in other Company communications. These risk factors do not identify all risks that we face; our operations could also be affected by factors, events, or uncertainties that are not presently known to us or that we currently do not consider to present significant risks to our operations.

However, the main types of risks are credit risk, interest rate risk, exchange rate risk, industry risk, market risk, operational risk, and liquidity risk which result from both its operating and investing activities. The Company's risk management is coordinated at its head office, in close co-operation with the board of directors, audit committee, and investment committee, and focuses on actively securing the Company's short to medium-term cash flows by minimizing the exposure to financial markets. Long-term financial investments are managed to generate lasting returns. The board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive controlled environment in which all employees understand their roles and obligations. The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

The investment committee has taken all investment decisions of the company after meticulous and detailed discussion among the committee members and finally approved by the Board of Directors as a result risk related to investment can be reduced. The most significant financial risks to which the Company is exposed to are described below:

42.01 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The Company's exposure to credit risk is limited to the carrying amount of financial assets recognized at the balance sheet date.

Management perception:

The Company's exposure to credit risk is influenced mainly by the corporate and individual characteristics of each customer. The demographics of the Company's customer base, including the default risk of the industry and country in which customers operate, have less of an influence on credit risk. The Company has, over the years, conducted business with various corporates, tour operators, and individuals located in different jurisdictions and, owing to the spread of the Company's debtor base. The Company has a credit policy in place under which new customers are analyzed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, where available, and in some cases bank or other hotel references. Customers who fail to meet the Company's benchmark creditworthiness may transact with the Company only on a cash basis. In monitoring customer credit risk, customers are individually assessed. Customers who are graded as "high risk" are placed on a restricted customer list and future sales are only made on a prepayment basis. The Company does not require collateral in respect of trade and other receivables. The Company establishes an allowance for doubtful recoveries that represents its estimate of losses in respect of trade and other receivables @ 3% of rolling twelve months average receivables in compliance with the policy of Marriott International.

*See note 10 for further information on impairment of financial assets that are past due.

42.02 Interest rate risk

Interest rate risk is the potential for investment losses that can be triggered by a move upward in the prevailing rates for new debt instruments. Changes in the government's monetary policy, along with increased demand for loans/investments tend to increase the interest rates which mostly affect companies having floating rate loans or companies investing in debt securities.

Management perception:

Recent changes in the market and economic condition in Bangladesh indicate an upliftment of the cap imposed by the central bank of Bangladesh thus an increase in interest rate. As per the recent circular of the Bangladesh Bank, all Term loan rates will be Six months moving Average Treasury Bill Rate (SMART) + 3% which comes to average 12.38% which significantly impacted on interest expenses during the year. However, we are continuously following up with all banks to reduce the rate as low as possible.

42.03 Exchange rate risk

Exchange rate risk arises due to changes in exchange rates. As the Company imports equipment from abroad and also earns revenue in foreign currency, unfavorable volatility or currency fluctuation may affect the profitability of the Company. When the exchange rate is increased against local currency opportunity is created for generating more profit.

Management perception:

Unique Hotel & Resorts PLC has well-organized plan to always record the up-to-date currency conversion rate whenever it gets paid for services in foreign currencies from overseas guests. The Company changes the price of its products and services to cope with the change in the exchange rate to mitigate the effect of unfavorable volatility in the exchange rate on the company's earnings.

42.04 Industry risks

Industry risk refers to the risk of increased competition from foreign and domestic sources leading to lower prices, revenues, profit margins, market shares, etc. which could have an adverse impact on the business, financial condition, and results of operation.

Management perception:

Risks Relating to Our Industry:

Our industry is highly competitive, which may impact our ability to compete successfully for guests. We operate in markets that contain many competitors. Our hotel offerings generally compete with major hotel chains, independent hotels, and home-sharing and rental services. Our ability to remain competitive and attract and retain business, group, and leisure travelers depends on our success in distinguishing and driving preference for our lodging products and services, including the Marriott Loyalty Program, direct booking channels, consumer-facing technology platforms and services, and other offerings. If we cannot compete successfully in these areas, our operating margins could contract, our market share could decrease, and our earnings could decline. Further, the new lodging supply at Dhaka markets could have a negative impact on the hotel industry and hamper our ability to maintain or increase room rates or occupancy. Economic downturns and other global, national, and regional conditions and events could further impact our business, financial results, and growth.

Because we conduct our business on a global scale, we are affected by changes in global, national, or regional economies, governmental policies (including in areas such as trade, travel, immigration, healthcare, and related issues), and geopolitical, public health, social and other conditions and events. Our business, financial results, and growth are impacted by weak or volatile economic conditions, pandemics and other outbreaks of disease, natural and man-made disasters, changes in energy prices and currency values, political instability, geopolitical conflict, actual or threatened war, terrorist activity and other acts of violence, heightened travel security measures, travel advisories, disruptions in air travel, and concerns over the foregoing. These conditions and events have in the past materially negatively impacted, and could in the future materially negatively impact, our business, operations, and financial results in many ways, including, but not limited to, as follows:

- reducing revenues at our hotels, potentially impacting our ability to meet expenses, including payment of amounts owed to us;
- causing hotel construction and opening delays;
- requiring us to borrow or otherwise raise a significant amount of cash in order to preserve financial flexibility, repay maturing debt, and manage debt maturities;
- causing the terms of our borrowing to be more expensive or more restrictive; and
- adversely affecting associate hiring and retention.

In this highly competitive lodging industry, our hotels compete based on multiple factors, for instance, location, quality of service, standard of accommodation, room rates, facilities, etc. Competition is often specific to the individual markets in which our hotels are located and includes competition from existing and new hotels operated under brands primarily in the upper upscale segments. Increased competition could have a material adverse effect on the occupancy rate, average daily room rate, and RevPAR of our hotels or may require us to make capital improvements that we otherwise would not have to make, which may result in decreases in our profitability. We believe our hotels enjoy certain competitive advantages as a result of being flagged with globally recognized brands (Marriott International), including access to centralized reservation systems and national advertising, marketing, and promotional services, strong hotel management expertise, and loyalty programs. Our principal competitors include hotel operating companies, ownership companies (including other hospitality Real Estate Investment Trusts), and national and international hotel brands. We face increased competition from providers of less expensive accommodations, such as select-service hotels or independently managed hotels, during periods of economic downturn when leisure and business travelers become more sensitive to room rates. Increasingly, we also face competition from peer-to-peer inventory sources that allow travelers to stay at homes and apartments booked from owners, thereby providing an alternative to hotel rooms.

Moreover, the hospitality industry is typically seasonal in nature. The period during which our properties experience higher revenues vary from property to property, depending principally upon location and the customer base served. This seasonality can be expected to cause periodic fluctuations in a hotel's room revenues, occupancy levels, room rates, and operating expenses. Therefore, volatility in our financial performance resulting from the seasonality of the hospitality industry could adversely affect our financial condition and results of operations.

S.F. AHMED & CO.

42.05 Market risks

Market risk refers to the risk of adverse market conditions affecting the sales and profitability of the Company. Mostly, the risk arises from falling demand for the product or service which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company increase their customer base.

Management perception:

We are exposed to market risk primarily from changes in interest rates, which may affect our future income, cash flows and fair value, depending on changes to interest rates. In certain situations, we may seek to reduce cash flow volatility associated with changes in interest rates by entering into financial arrangements intended to provide a hedge against a portion of the risks associated with such volatility.

Moreover, the company's brand "Westin" has a very strong image in the local and international markets. Marriott International (former Starwood Asia Pacific Hotels & Resorts Pte. Ltd.) also has a reputation of providing quality hotel management services. Moreover, the demand for five-star hotels in the country is increasing while there are very few five-star hotels to meet the demand. The strong brand management and quality service have enabled the company to capture significant market share in the sector and the company is continuously penetrating into the market and upgrading the quality of its service to minimize the risk. The addition of "Sheraton Dhaka" operations to the portfolio will provide synergies to cater to MICE segment business, and larger events, accommodate larger group business, and improve operational efficiency with resource optimization.

42.06 Operational risks

Non-availabilities of materials/equipment/services may affect the smooth operational activities of the Company. On the other hand, the equipment may face operational and mechanical failures due to natural disasters, terrorist attacks, unforeseen events, lack of supervision and negligence, leading to severe accidents and losses.

Management perception:

We maintain insurance coverage for commercial general liability, and property, including business interruption, terrorism, and other risks with respect to our business for all of our hotels. We also maintain workers' compensation insurance including employees' irresponsibility, and accidental damage for our employees. Most of our insurance policies are written with self-insured retentions or deductibles that are common in the insurance market for similar risks. These policies provide coverage for claim amounts that exceed our self-insured retentions or deductibles. Our insurance provides coverage related to any claims or losses arising out of terrorism, property, and operation of our hotels.

Moreover, the Company is equipped with power backup and 24/7 security surveillance (CCTV) systems, protected with armor guards, and in compliance with global safety and security standards, which reduce security risk. Besides, the equipment is under insurance coverage in order to get reasonable compensation for any damages. Apart from these, routine security checks and proper maintenance of the equipment also reduce/eliminate the operational risk. Continuous training of company associates makes them equipped to address the situations due to natural disasters and unforeseen events. The company is associated with multiple domestic and international vendors to ensure the smooth functioning of the supply chain along with AMC's for key equipment to ensure consistency in supplies and smooth operations.

42.07 Liquidity risk

Liquidity risk is the risk that a company or individual will not have enough cash to meet its financial obligations (pay its debts) on time.

Management perception:

We seek to maintain sufficient amounts of liquidity with an appropriate balance of cash, debt and equity to provide financial flexibility. As of June 30, 2026, we have total cash and cash equivalents of BDT 24.4 crore and operating cash flow per share is 3.92.

We have also encashed USD 3,542,095 last year which has been realised from selling .49% ordinary shares of UMPL to Nebras Power Investment Management B.V. to meet operational and project related payments. Furthermore, with growing business prospects from opening of Sheraton Dhaka and receipts from Nebras Power Investment Management BV from 4th closing according to the Share Purchase Agreement, we will have sufficient liquidity to pay our 2025-26 debt maturities, to meet project related expenditures and to fund other short-term obligations. Also we are expecting to receive the Joint venture dividend within 2026 September.

We have established reserves for capital expenditures ("FF&E reserve") in accordance with our management agreement with Marriott International. Generally, these agreements require that we fund 4% of hotel revenues into a FF&E reserve unless such amounts have been incurred. Our cash management objectives continue to maintain the availability of liquidity, minimize operational costs, make debt payments, and fund our capital expenditure programs and future acquisitions. Further, we have an investment policy that is focused on the preservation of capital and maximizing the return on new and existing investments. Moreover, funds are also being arranged as and when required from sister concerns within the group.

S.F. AHMED & CO.

43. Information about reportable segments

Information related to each reportable segment is set out below. Segment profit before tax is used to measure performance because management believes that this information is the most pertinent in evaluating the results of the respective segments relative to other entities that operate in the same industries.

For the period from 01 July 2025 to 30 June 2026

*The advance against land of Tk. 2,600,000,000 was given to Borak Real Estate Limited for the purchase of 23.9375 katha of land at Gulshan Avenue, Gulshan-2, Dhaka-1213. However, admist the post covid economic crisis, the Board of Directors reviewed the existing investment projects of Unique Hotel and Resorts PLC. After extensive review, to complete the on-going project development work smoothly, the Board of Directors to develop the proposed Seven Star International Chain Hotel jointly with Borak Real Estate Ltd. (BREL). Therefore, UHRL would get back the aforesaid advance from Borak Real Estate Ltd. and on board the company as a joint venture (profit sharing) partner of the project as per the land ratio 53.34 (BREL) : 46.66 (UHRL). This decision was duly approved by the shareholders on 22nd Annual General Meeting dated 12th December 2023. In the meantime, Borak Real Estate Limited has started returning the advance money to UHRL and till June 30, 2026 BREL already refunded Tk. 2,155,303,822. Please see the note 12.01.02 for detailed disclosure.

**The advance has been given to Borak Real Estate Limited for the purchase of 1,85,575.03 sft. floor space along with proportionate car parking and common spaces of the Commercial Complex namely "Acropolis" situated at Plot # 34A, 35A, 36A, 37A, 38B and 38C, Road # 35 & 45, Gulshan (North) Commercial Area, Dhaka as per shareholders approval in 15th AGM of Unique Hotel & Resorts PLC. However, admist the post covid economic crisis situation, the Board of Directors reviewed the existing investment projects of Unique Hotel and Resorts PLC. After extensive review and series of discussion, the Board of Directors decided to get back the advance money from Borak Real Estate Ltd. This decision was duly approved by the shareholders on 22nd Annual General Meeting dated 12th December 2023. Accordingly Borak Real Estate Ltd. has refunded advance money worth Tk. 260,631,345 to Unique Hotel and Resorts PLC during the year ended 30 June 2026. Please see the note 12.01.03 for detailed disclosure.

The Tk 6,100 reduction represents a prior-period error in the carrying cost of shares disposed of in FY 2025 (as part of the transaction generating the Tk. 425,801,541 gain on sale), corrected in FY 2026 as an immaterial current-year adjustment without restatement of comparatives.

46. Contingent liability disclosure

46.01 Large Tax Payer Unit (LTU), VAT Authority raised a demand U/S 55 of the VAT Act, 1991 Tk. 71,295,948 for Supplementary Duty (SD) and VAT on SD for the period from July 2007 to January 2009 through letter no. 4/LTU(Mushak)25/The Westin Dhaka/Demand/Cricle-3/09/2111, dated 20 April 2009.

Subsequently, Unique Hotel & Resorts PLC (The Westin Dhaka) submitted a writ petition through writ petition no. 3910/2009 and the Honorable High Court Division of the Supreme Court discharged the previous issued rule on 10/10/2015.

Unique Hotel & Resorts PLC (The Westin Dhaka) submitted application to the Customs, Excise and VAT Appellate Tribunal through nothi no. CEVT/Case/(VAT)-16/2018 dated 28/05/2019. Based on our application and ground of appeal the Honorable Appellate Tribunal reduce the demand from Tk. 71,295,948 to Tk. 11,420,622 on 05/09/2019 for SD and VAT on SD.

It is primarily established that VAT Appellate Tribunal reduced the original demand of LTU and the said Tribunal was pleased to demand from Unique Hotel & Resorts PLC (The Westin Dhaka) Tk. 1,14,20,622 as SD and VAT on SD vide memo dated 05/09/2019 and against that order. Based on the new demand, Unique Hotel & Resorts PLC (The Westin Dhaka) filed VAT Revision No. 29 of 2019 before the High Court Division and subsequently the said VAT revision has been withdrawn on November 08, 2022 and Unique Hotel & Resorts PLC (The Westin Dhaka) had already paid the aforesaid demand of Tk. 11,420,622 on June 08, 2023 to the LTU VAT authority.

However, NBR authority also filed VAT Revision before the High Court Division in 2021 against the order of Tribunal for reducing the aforesaid demand and the remaining amount of Tk. 59,875,326 (Tk. 71,295,948 -Tk. 11,420,622) would be unsettled until and unless hearing and disposal of the VAT Revision which is pending at present in the Hon'ble High Court Division and its a matter of subindices.

46.02 Large Tax Payer Unit (LTU), VAT raised a demand of Tk. 5,353,916 u/s 73(2) of the VAT and SD Act 2012, through letter no. 08.01.0000.006.01.028.19/102 dated 3 February 2020 due to non-submission of Input-output co-efficient (Mushak 4.3) for the period from July 2019 to August 2019. Subsequently we applied to the Customs, Excise and VAT Appellate Tribunal for fair judgement after depositing 10% of the said demand amount on August 31, 2020. The Learned Tribunal rejected the Appeal by its order dated September 19, 2021.

Moreover, we have received further demand letter from LTU, VAT Authority for payment of Tk. 5,353,916 on June 02, 2024, vide letter ref. no. 08.01.0000.006.01.015.19/58 dated June 02, 2024. However, we have discussed with our legal advisor in this regard and the learned legal advisor has informed us that we have some strong grounds to succeed in Appeal. Accordingly, we have filed an Appeal before the Honorable High Court Division of the Supreme Court of Bangladesh vide Writ Petition No. 86/2024 after depositing 10% of the aforesaid demand amount of Tk. 535,392 as on May 02, 2024. Moreover, the Honorable High court division has passed a decision affirming the order dated June 23, 2024 to be stayed for a period of one year from 11 June 2024.

It is worthy to mention that, the NBR issued an SRO 117-Aian/2020/100 Mushak date 14/05/2020 and revise the Input-output co-efficient form and exempted service industries to provide any input output co-efficient. Subsequently, the VAT Act and Rules Department clarify the matter and issued a further explanation through letter no. 08/Mushok/2020 Dated 14/10/20 that service industry need not to submit any Input output co-efficient. In the prevailing circumstances we strongly believe that the honorable High Court will consider the fact and provide the fair judgement towards Unique Hotel and Resorts PLC.

46.03 Unique Hotel and Resorts PLC has a pending Writ Petition No. 2589 of 2017 with the Honorable High Court Division of the Supreme Court of Bangladesh regarding holding tax of The Westin Dhaka. The Company had paid BDT 2,192,785 for FY 2016-17 as per the directive of the Honorable High Court Division of the Supreme Court of Bangladesh on 5th October 2017. However, the Dhaka North City Corporation (DNCC) imposed BDT 8,604,552 per year as holding tax for the Westin Dhaka.

As the High Court Division has granted a stay order on its directive for one year which has been extended up to 14th August 2024, considering the subindices matter, the Company has not paid for the period from FY 2016-17 to FY 2023-24. However, the Company has duly accrued the holding tax expenses for BDT 2,192,785 on a yearly basis for the aforementioned fiscal years. The writ petition is pending before High Court Division for disposal and there is also representations on behalf of The Westin Dhaka for not to proceed with the demand of BDT 8,604,552.

There has further been reassessment of Annual value of Holding tax as well as increase in the holding tax rate by DNCC which they had communicated to us for hearing on 2nd February 2023. After the said hearing, DNCC has not forwarded any further demand with new assessed value considering the fact that it is a tagged matter with the writ petition no. 2589 of 2017 directly as the DNCC has increased the rate in the new assessment.

S.F.AHMED & CO.

In these circumstances, the Company has taken legal opinion from a renowned lawyer and also taken an expert opinion from ACNABIN, Chartered Accountants who is of the opined that all the things depend on the disposal of the said writ petition through the final judgement. As a result, the Company has made provision for BDT 2,192,785 on a yearly basis for FY 2016-17 to FY 2023-24 under the prevailing facts and circumstances. Currently UHRL is making 2,000,000 BDT provision yearly.

	Amount in Taka	
	30 June 2026	30 June 2025
46.04 Letters of guarantee		
Bank guarantee		
Southeast Bank PLC	13,298,371	13,298,371
Premier Bank PLC	1,304,925	1,304,925
Prime Bank PLC	57,801,080	57,801,080
The City Bank PLC	969,191,476	969,191,476
One Bank PLC	1,800,000,000	1,800,000,000
	2,841,595,853	**2,841,595,853**

Customs authority imposed customs duties and taxes without considering concessionary rate of duty at 5% on imported capital machinery for setting up "the Westin Dhaka" during the years from 2004 to 2007. Unique Hotel & Resorts PLC made writ petitions in the Honorable High Court Division of the Supreme Court of Bangladesh. The Court discharged the order directing the release of imported capital machineries on payment of duty, tax and other charges to be assessed on the basis of concessionary rate in terms of SRO No. 114/2006 dated 08.06.2006 subject to furnishing bank guarantee for the remaining customs duty. As directed by the Court, Unique Hotel & Resorts PLC made the payments and Bank Guarantees for a total of Tk. 69,909,970 were issued by Southeast Bank PLC, The City Bank PLC, Prime Bank PLC and Premier Bank PLC on behalf of Unique Hotel & Resorts PLC. However, according to the legal opinion of legal advisor, there is remote possibility of any outflow in settlement of these bank guarantees as the cases are under subindices now.

According to Gas Distribution guidelines for commercial use of gas which was issued on August 05, 2014; security deposit equivalent to three months bill is required to be given to Titas Gas Transmission and Distribution Company Limited. Two third of the aforementioned security deposit is required to be given by issuing bank guarantee by any scheduled bank for five years. Therefore, nine (09) bank guarantees had been issued in favor of Titas Gas Transmission & Distribution Company Limited by The City Bank PLC and Prime Bank PLC on behalf of Unique Hotel & Resorts PLC. The City Bank PLC issued total bank guarantee amounting to a total of Tk.12,141,700 for The Westin Dhaka and Prime Bank PLC issued bank guarantee amounting to a total of Tk. 29,748,000 for Shahjadpur Power Plant and Sheraton Dhaka.

The City Bank PLC has issued a bank guarantee of USD 14,007,559.79 @110.25 which is equivalent to BDT 1,544 333,466.85 in favor of Standard Chartered Bank to secure the Sponsor's obligation to the Senior Lenders of Unique Meghnaghat Power Limited under the Sponsor Support and Share Retention Deed executed on 28th February 2023. The bank guarantee has been issued on 4th December 2023 which will be expired within 12 months from issue date or 3rd December 2028, whichever is earlier. However, the above bank guarantee already reduced to USD 7,665,700.85 as on August 28, 2024.

Furthermore, as stipulated in the Power Purchase Agreement (PPA) for Unique Meghnaghat Power Limited, UHR PLC furnished Bangladesh Power Development Board (BPDB) with an irrevocable and unconditional performance security deposit (bank guarantee) on 10th December 2023 vide ref no. 70/2023(002/23/BG/ 0070) through Al Arafah Islami Bank Ltd. worth USD 21,024,000, equivalent to BDT 2,480,000,000. Upon achieving Commercial Operations Date (COD) of the joint venture entity, the PSD has been released and Operations Security Deposit (OSD) has been issued. In these circumstances, UHR PLC has furnished Bangladesh Power Development Board (BPDB) with an irrevocable and unconditional bank guarantee (i.e. Operations Security Deposit-OSD) through One Bank PLC on behalf of Unique Meghnaghat Power Limited. The bank guarantee amounts to USD 16,212,000 (i.e. equivalent to BDT 1,800,000,000) and has been issued on 7th March 2024 which was expired on 19th January 2025. Later this has been again renewed on 15th January 2025 and after expiry date it was again renewed on 19th January 2026 as well.

47. Events after reporting period

In compliance with the requirements of IAS 10: Events After the Reporting period, adjusting events that provide additional information about the Company's position at the end of the reporting period are reflected in the financial statements and events after the reporting period that are not adjusting events are disclosed in the notes when material. The Board of Directors in its meeting held on 28 October 2026 recommended to all shareholders 12% cash dividend amount in Taka 353,280,000 for the year ended 30 June 2026 which will be considered for approval by shareholders at the 25th Annual General Meeting.

48. Directors responsibility statements

The Board of Directors takes the responsibility for the preparation and presentation of these financial statements as per the provision of "The Framework for the Preparation and Presentation of financial statements".

49. General

49.01 Employee details:

Total number of employees having annual salary and allowances of Tk. 96,000 or above each at the reporting date was as follows:

Particulars	30 June 2026	30 June 2025
Number of employees of Unique Hotel & Resorts PLC	808	818

None of the employees were in receipt of remuneration which in aggregate was less than Tk. 8,000 per month

49.02 Remittance of dividend

No dividend was remitted in foreign currency during the year.

49.03 Rounding off

Amounts appearing in these financial statements have been rounded off to the nearest Taka and wherever considered necessary.

49.04 Rearrangement of previous year figures

To facilitate comparison, certain relevant balances pertaining to the previous year have been rearranged or reclassified whenever considered necessary to conform to current year presentation.

S. F. Ahmed & Co, Chartered Accountants, have revalued all property, plant and equipment of the company as of 30 June 2009 (When Ata Khan & Co, Chartered Accountants was the auditor) following Current cost method, showing total current cost at Tk. 8,325,239,643, resulting in a revaluation surplus at Tk. 4,689,598,221. Thereafter Ata Khan & Co, (When S.F. Ahmed & Co, Chartered Accountants were the auditor), have revalued the land of the company as of 30 June 2010 following "Current cost method" showing current cost thereof at Tk. 1,687,000,000, resulting in a further revaluation surplus at Tk. 843,500,000.

Ata Khan & Co. Chartered Accountants, have further revalued Land & land development and building as of 30 September 2011 following "Current cost method" showing total current cost Tk 5,664,596,600 and Tk. 11,420,259,375 resulting in a revaluation surplus of Tk 2,276,299,688 and Tk.6,004,430,154 respectively.

Unique Hotel & Resorts PLC has recorded the construction cost of a five star hotel namely "Sheraton Dhaka" in note-7: Construction Work in Progress for an amount of Tk. 10,049,139,759 as on 30 June 2025. According to the Management Agreement agreed between Unique Hotel & Resorts PLC and Marriott International, the aforesaid hotel will be operated following the operational standards of internationally recognised hotel chain, Marriott International. However, Marriot International has not yet permitted Unique Hotel & Resorts PLC to operate the said hotel in full fledge without obtaining hotel license to comply with the regulatory requirements applicable in Bangladesh. As a result, the aforesaid hotel "Sheraton Dhaka" is not capable of operating in the manner as intended by management (IAS 16: Para 62).
Furthermore, Unique Hotel & Resorts PLC has transferred Tk. 2,593,338,258 from Construction Work in Progress to Property, plant & equipment for the restaurants and banquet hall operated under "Sheraton Dhaka" as of 30 June 2024. The restaurants and banquet hall have been operating through obtaining Restaurant License from District Commissioner Office, Dhaka under Bangladesh Hotel & Restaurants Act, 2014. The licenses were obtained on February 03, 2022. As a result, Unique Hotel & Resorts PLC has depreciated the restaurant cost from when the restaurants are available for use, i.e. February 2022.
